

MDHHS

Michigan Department of Health & Human Services

RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

Tim Becker, Chief Deputy Director

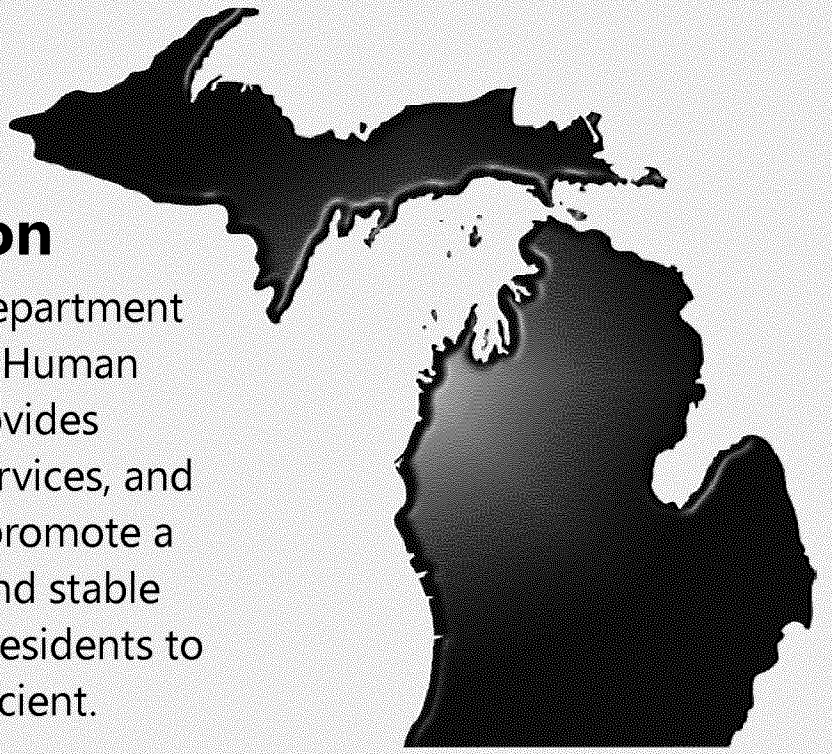

Department Overview

Presentation to House Appropriations Subcommittee

Health and Human Services

February 18, 2016

Our Guiding Principles

Mission

The Michigan Department of Health and Human Services provides opportunities, services, and programs that promote a healthy, safe, and stable environment for residents to be self-sufficient.

Vision

Develop and encourage measurable health, safety and self-sufficiency outcomes that reduce and prevent risks, promote equity, foster healthy habits, and transform the health and human services system to improve the lives of Michigan families.

Michigan Department of Health and Human Services
2016 Strategic Priorities

CHILDREN
Ensure that Michigan youth are healthy, protected, and supported on their path to adulthood.

ADULTS
Safeguard, respect, and encourage the wellbeing of Michigan adults in our communities and our care.

FAMILY SUPPORT
Support families and individuals on their road to self-sufficiency through responsive, innovative, and accessible service delivery.

HEALTH SERVICES
Transform the healthcare system and behavioral health coordination to improve outcomes for residents.

POPULATION HEALTH
Promote and protect the health, wellness, and safety of all Michigan residents.

WORKFORCE
Strengthen opportunities, promote diversity, and empower our workforce to contribute to Michigan's economic development.

Action on Flint Declaration of Emergency

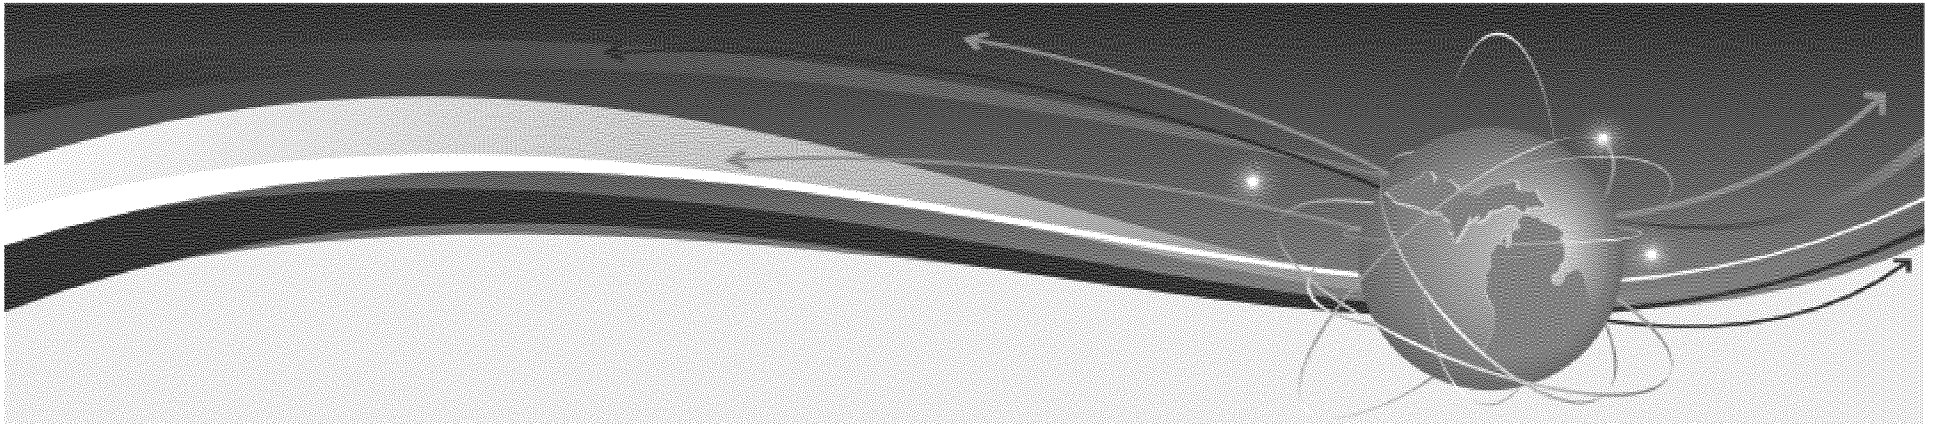

Responsibility – Accountability – Action

MDHHS IMPLEMENTING:

- Lead testing and follow-up
- Nutrition education and outreach and food distribution
- School-based initiatives
- Data and metrics
- Improved access to medical care through our Child and Adolescent Health Centers
- Distribution of water resources
- Expansion of the Pathways to Potential program

MDHHS Services Statistics

- 2.6 million people received public assistance
- 1.7 million total average eligible - traditional Medicaid
- 1.2 million children served in Medicaid
- 380,000 disabled adults served in Medicaid
- 601,889 individuals enrolled in Healthy Michigan Plan
- Nearly 810,000 children enrolled in Healthy Kids Dental
- 824,428 households received food assistance
- 28,475 average monthly cases received cash assistance through the Family Independence Program (FIP)
- 69.4% of FIP cases met Federal Work Participation requirements
- 370,045 low-income households received basic heating assistance
- $1.41 billion in child support payments processed
- 881,557 children in child support cases
- 768,556 emergency shelter bed nights provided
- 276,621 night of domestic shelter services provided
- 37.23% reduction in chronic absenteeism in 219 Pathways to Potential schools
- 241,329 people served by CMHSPs and PIHPs
- 5 state-operated hospitals and centers
- 2,018 licensed psychiatric beds in the community for adults; 256 for children
- 819 received problem gambling assistance
- More than 288,000 participated in Substance Abuse Prevention Programs
- Nearly 12,900 children in foster care
- 241 scholarships awarded to former foster youth through the Fostering Futures scholarship program
- More than 1,700 children adopted
- 2 state-operated secure residential facilities for juveniles
- 92,729 Children's Protective Services investigations
- 40,302 Adult Protective Services referrals
- 2 million older adults (aged 60+) in Michigan
- 85+ age group is fastest growing
- 10.3 million home delivered/congregate meals provided to aging population in Michigan
- 6,958 caregivers received 867,872 hours of service
- 92,219 older adults received a wide variety of community-based services
- 9,320 older adults participated in volunteer programs
- 3,328 children received autism diagnostic services
- 1,553,666 doses of vaccine in the Vaccine for Children program valued at $87,526,676 distributed to providers
- 74% of children aged 19 through 35 months of age completed the recommended vaccine series (MCIR)
- 201,684 low-income households served by Michigan Community Action Agencies
- 43,822 front-end eligibility fraud program investigations conducted

Our Vision: Transform the Health and Human services system to improve the lives of Michigan families

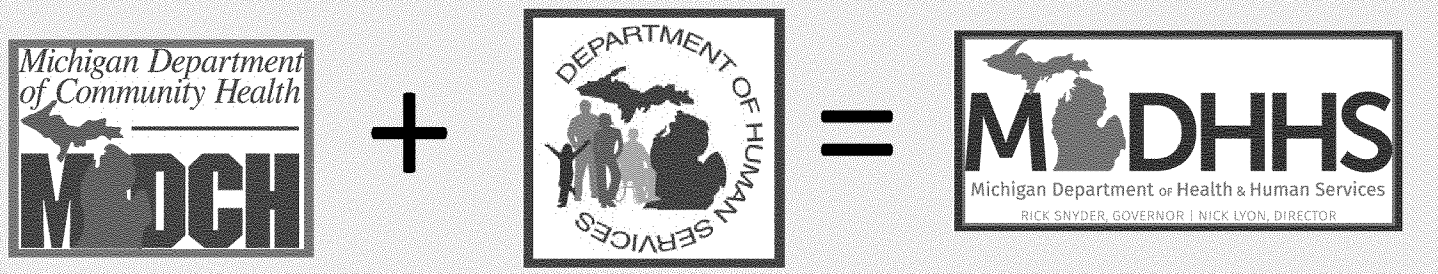

Core Principles

People Not Programs
Root Causes Not Symptoms
Maximize Results
Engage the Community
Measure Outcomes

"We can reorganize the way government does business from a people point of view – to focus on the person and solve their problems. This won't be about creating new programs. It will be about effective, accountable government that collaborates to provide good service to our customers."

- Michigan Governor Rick Snyder

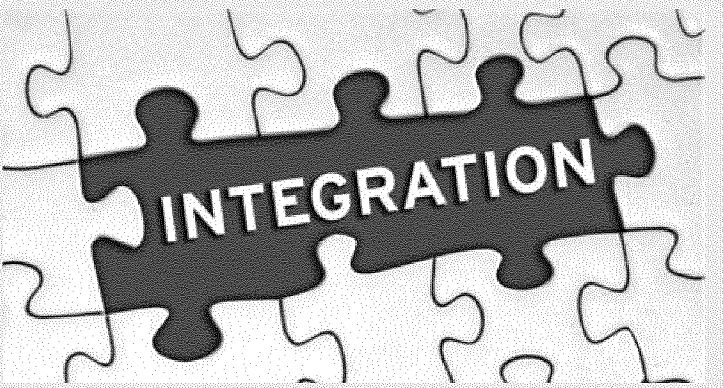

The Merger: A Starting Point for Transformation

- Separately, the Departments managed hundreds of unique programs that customers interacted with in a multitude of ways.
- Through the merger, we're looking at every program we offer to see how we can achieve more person-centric flexibility.
- The combined MDHHS is charged with reforming how we interface with our customers through technology and making the service delivery system more focused on the customer's needs.

Our Challenge: Integrating Programs

"We've tried to solve problems by **creating new programs** and **adding layers** of government. Each program focuses on a **specific piece of someone's life** without looking at the whole person and understanding what's holding them back from success. Government keeps getting bigger, **the root of someone's problem isn't solved**, and people are **maintained in a status quo.**"

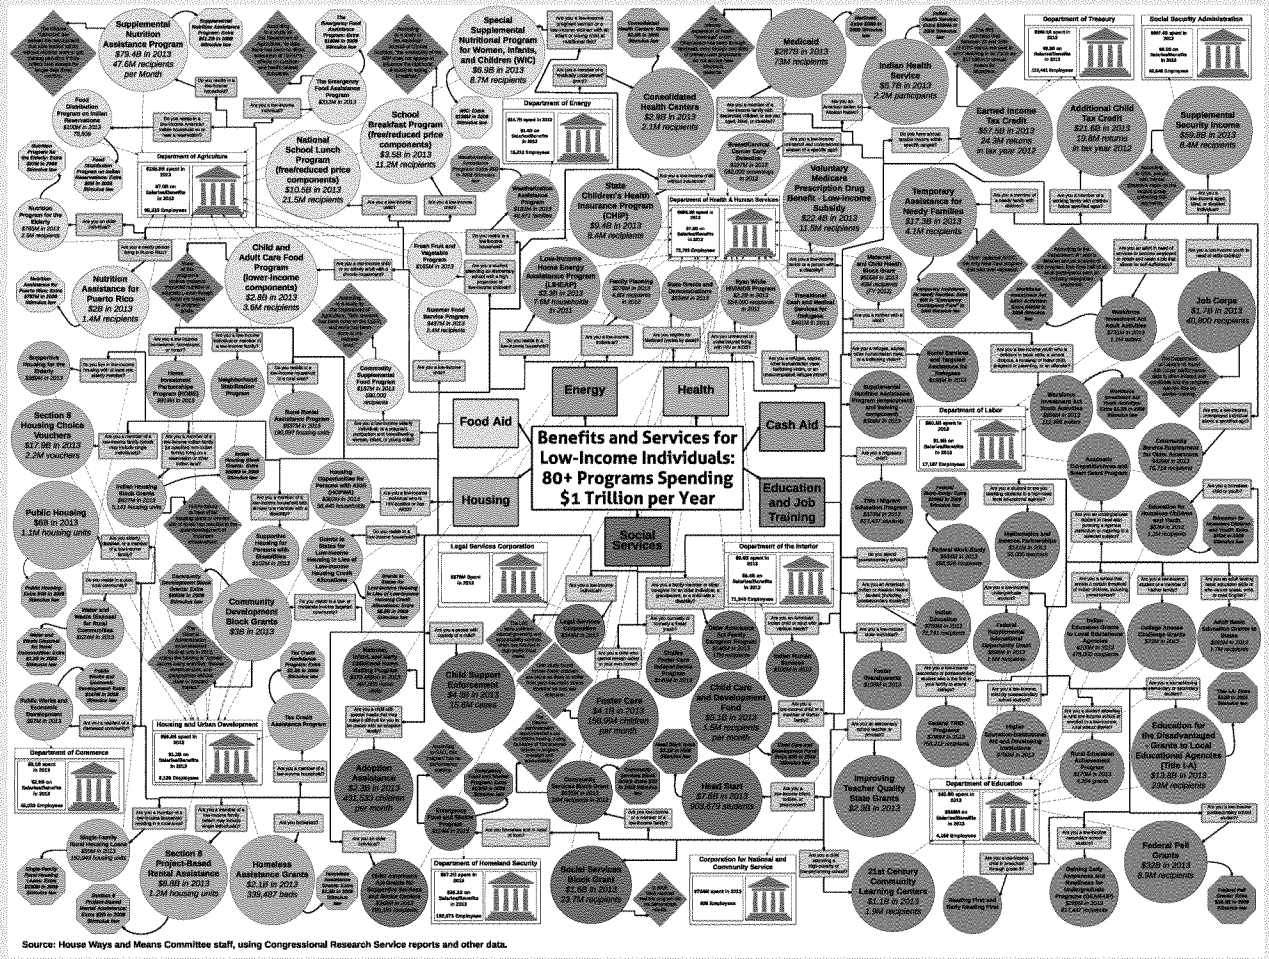

Benefits of the Merger

Collaboration Across Health and Human Services

- **Children's Behavioral Action Team**
  - Development of collaborative transition plans to support 50 children/youth with serious emotional disturbance, from Hawthorn Center to return home to their families.
  - As of 12/31/15, 24 have received services. Of the 24, 18 have been discharged and 75% have remained completely out of psychiatric inpatient care.
- **Flint Response**
  - Distribution of water resources
  - Coordination of services
- **Safe Sleep Initiative**
  - Development of an initiative to encourage safe sleeping arrangements for infants
  - Training for health and human service professionals to educate families on the importance of a safe sleep environment for infants
- **Pathways to Potential**
  - Using Mental Health and Wellness funding, Pathways to Potential partnered with Michigan Rehabilitation Services to place an employment counselor into each Pathways school
  - MDHHS was also able to use some of that funding to provide an 8 week summer work experience in conjunction with the Department of Natural Resources for Pathways students.

Where We Stand: Today's Complex System

Our Vision: Integrated Service Delivery

Today: Program Focus

- Transactional and enrollment focused
- Siloed service delivery that does not solve the root problem
- Manual processes that add layers of duplication
- Program focus
- Limited supports that focus on a finite segment
- Overloaded case workers

Tomorrow: Person Focus

- Holistic, proactive, and preventative approach focused on outcomes
- Government and communities collaborating to serve customers better
- Highly automated, streamlined with self-service capabilities
- Person focus
- Providing well-rounded, localized and targeted support to maximize results
- Case workers focusing on people to improve outcomes

MDHHS

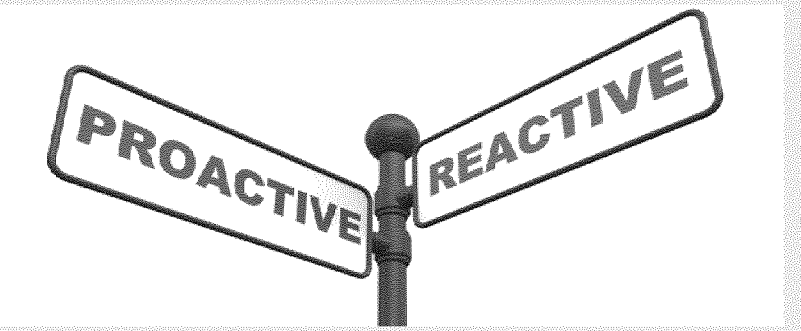

Integrated Service Delivery: Proactivity in Practice

Integrated Service Delivery

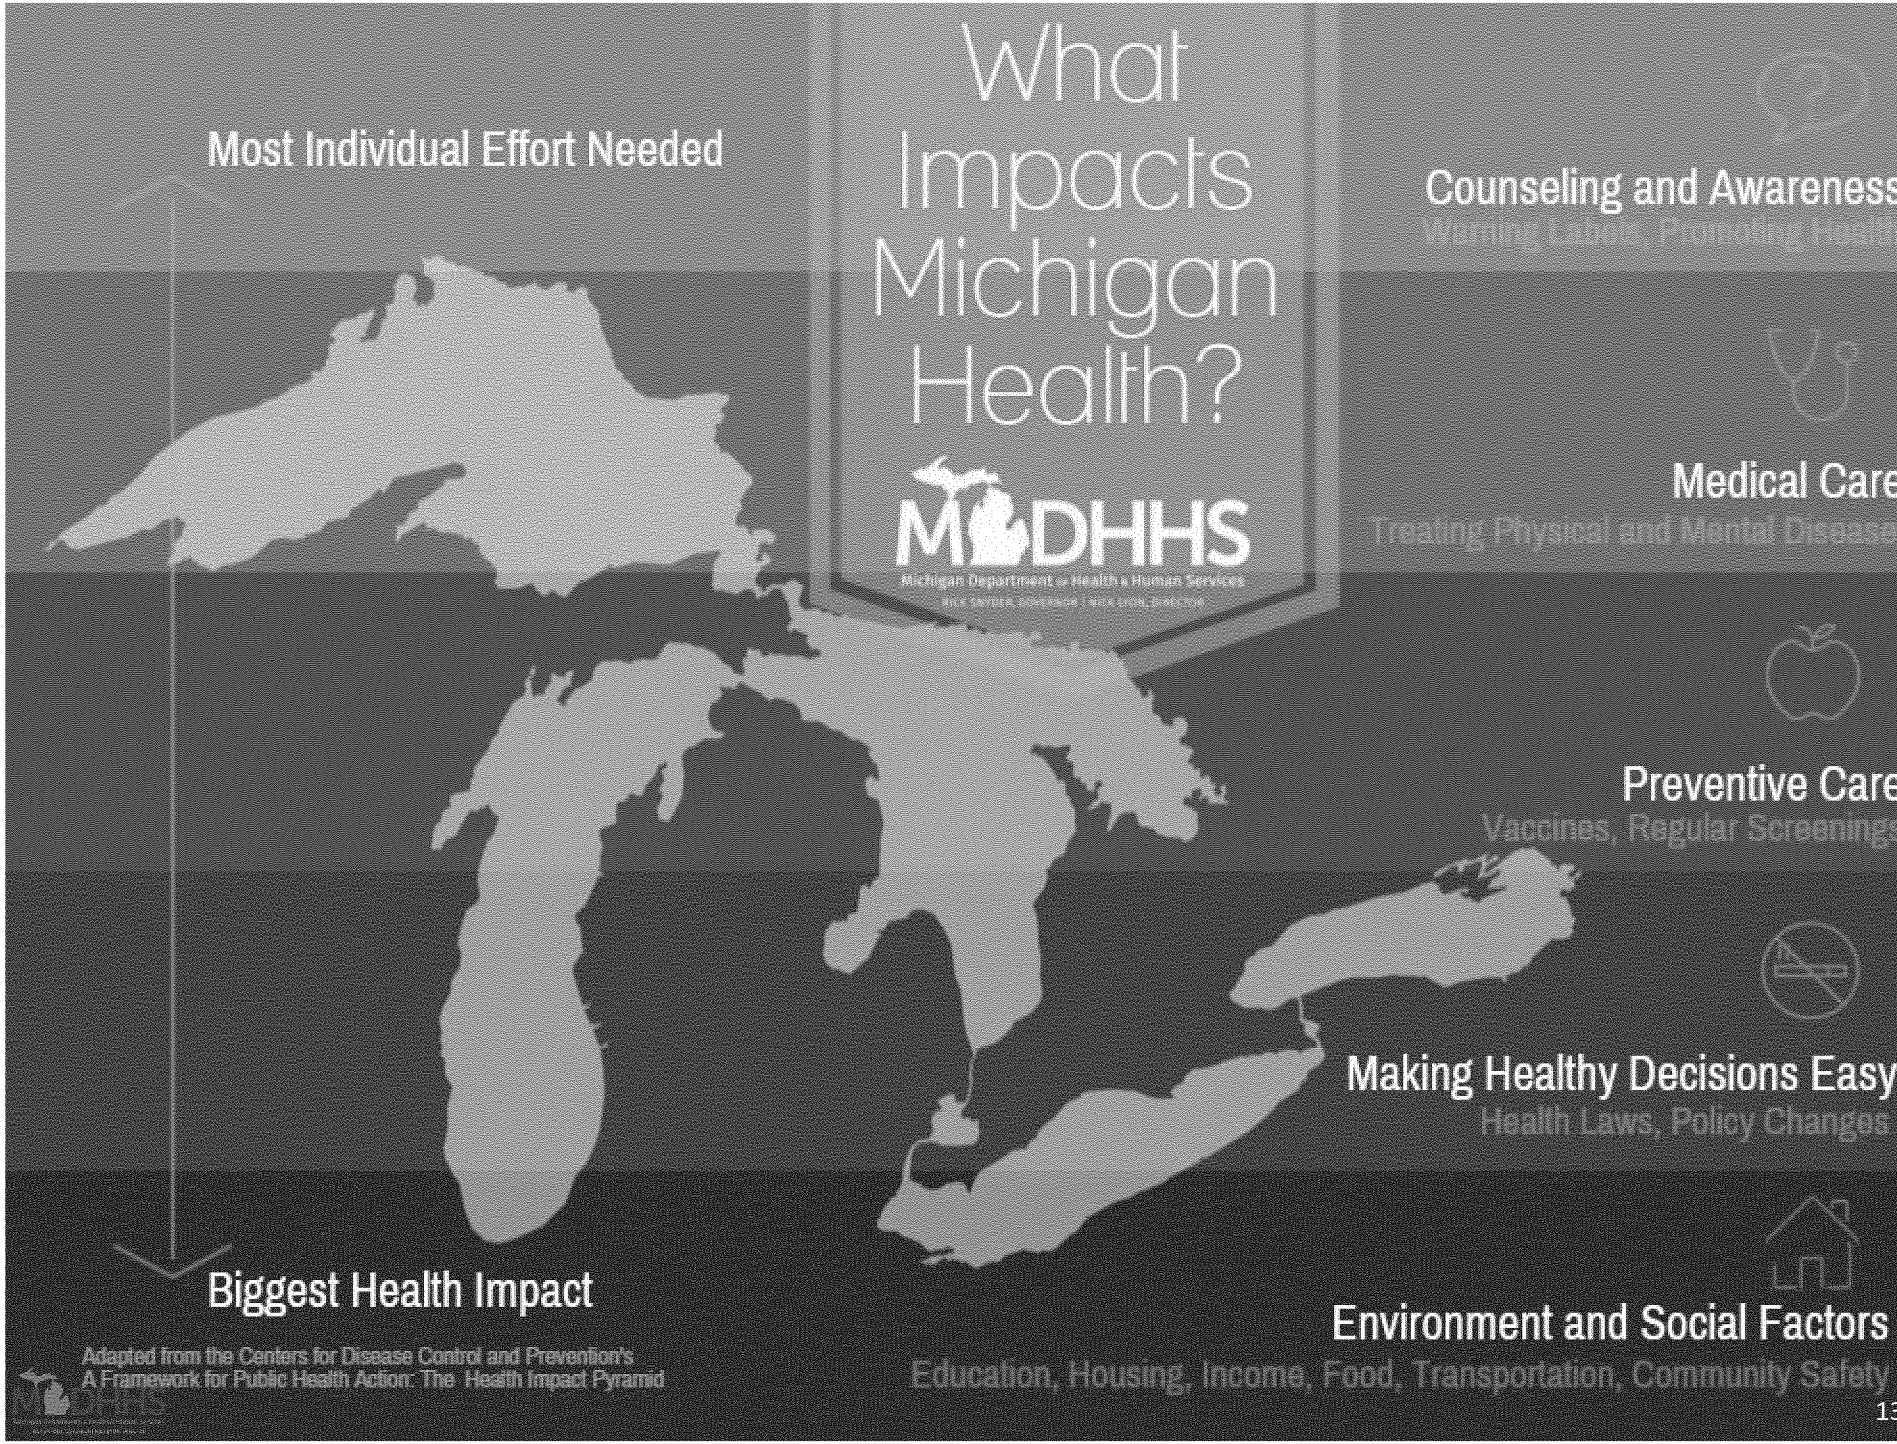

- The integrated model brings many diverse supports and services together in a singular customer experience, including those provided by MDHHS and other organizations.
- It works to not only resolve immediate needs, but assess and understand factors contributing to a family's overall stability.
- It supports customers in creating a plan to resolve barriers and move toward sustainability.

The Current System

- Today's system delivers services in a fragmented way, often after families are already facing crisis situations.
- These reactive interventions are expensive and frequently don't address the underlying factors which contribute to a crisis situation.

What Impacts Michigan Health?

Transformation: Integrated Service Delivery

MDHHS's current integrated service delivery transformation will focus on five critical innovations:

Strategic Alignment

A single, comprehensive strategic structure to align, integrate and ensure the effectiveness and transparency of the programs, services and benefits MDHHS provides.

Holistic Assessment

A common assessment to holistically identify a person's needs, goals and the programs which may be supportive in achieving their goals.

Common Connector and Plan

A common application, referral and success planning process across programs to serve as a single entry and connection point to all supportive opportunities.

Robust Self-Service

Robust client self-service opportunities including online services and a call center where customers can get support with a variety of programs.

Streamlined Renewal

A streamlined renewal and information update process which exchanges information and determinations across programs to minimize administrative burden.

Transformation: Infrastructure Supporting Integration

MDHHS's integrated service delivery transformation will foster five key infrastructure advancements:

Partner Integration

A platform for State employees, healthcare providers and community organizations to work cooperatively as partners in supporting and coordinating services for customers.

Statewide Resource Index

A comprehensive, statewide index of health, human services, education and workforce resources and service providers to address the root causes of a person's challenges.

Universal Case Management

Effective distribution of work amongst MDHHS offices and employees through implementation of a universal caseload system to improve timeliness and allow for greater flexibility.

Process Improvement

A portfolio of focused improvement projects across the Department's programs and services to engage employees and partners in reinventing MDHHS.

Consent Management

Architecture to document active customer relationships, gain customer consent for information sharing and share pertinent, timely information.

MDHHS

FY 2016 Initiative

Healthy Michigan Plan

- Approximately **600,000** individuals enrolled.
- **Second waiver approved** by the Centers for Medicare and Medicaid Services on 12/17/15, allowing the program to continue.
- Beginning January 1, 2017, the **federal government contribution drops from 100% to 95%**, requiring a 5% state match.

Impacts of the Healthy Michigan Plan

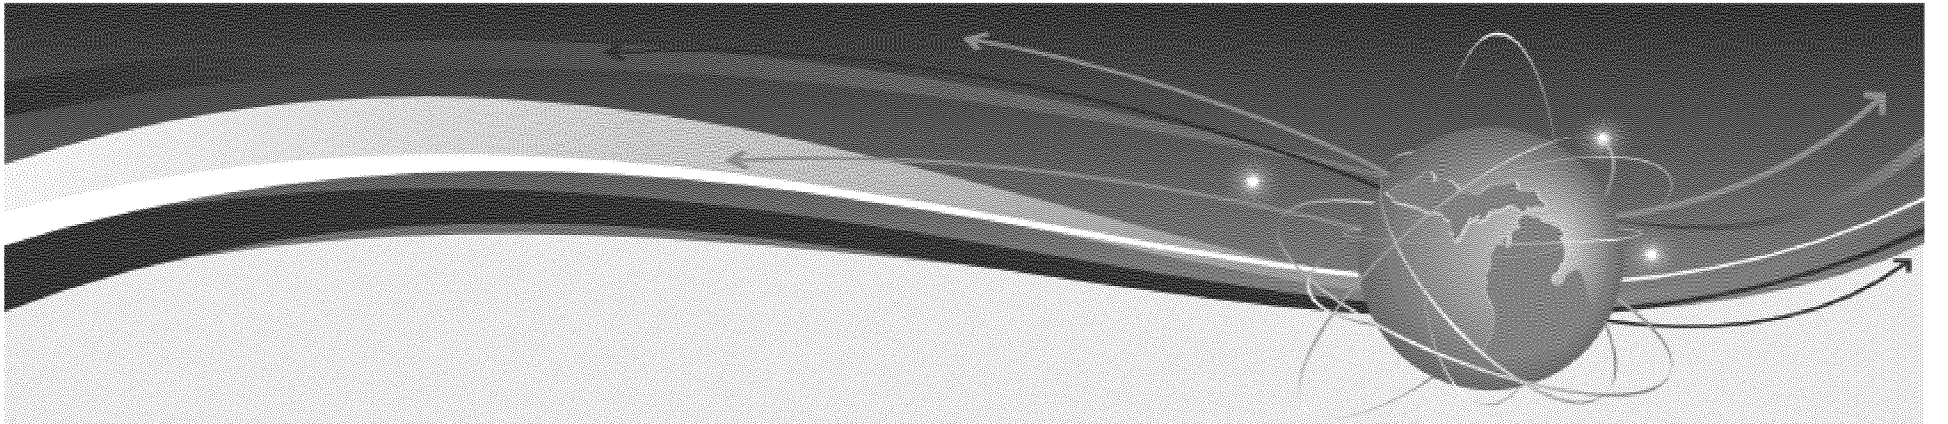

- 435,769 enrollees received a primary care visit
- 276,479 preventive visits have been covered
- 229,745 enrollees received a dental visit
- Nearly 915,000 mental health encounters have been covered
- 136,283 mammograms have been covered
- 32,575 enrollees received colon cancer screenings
- 7,010 enrollees received a OB visit (antepartum, delivery, postpartum)
- 67% of newly eligible enrollees have received a visit with their Primary Care Provider within 150 days of enrollment
- 85% of enrollees have received at least one primary or preventive care visit

FY 2016 Initiative

Strengthening and Improving Michigan's Child Welfare System

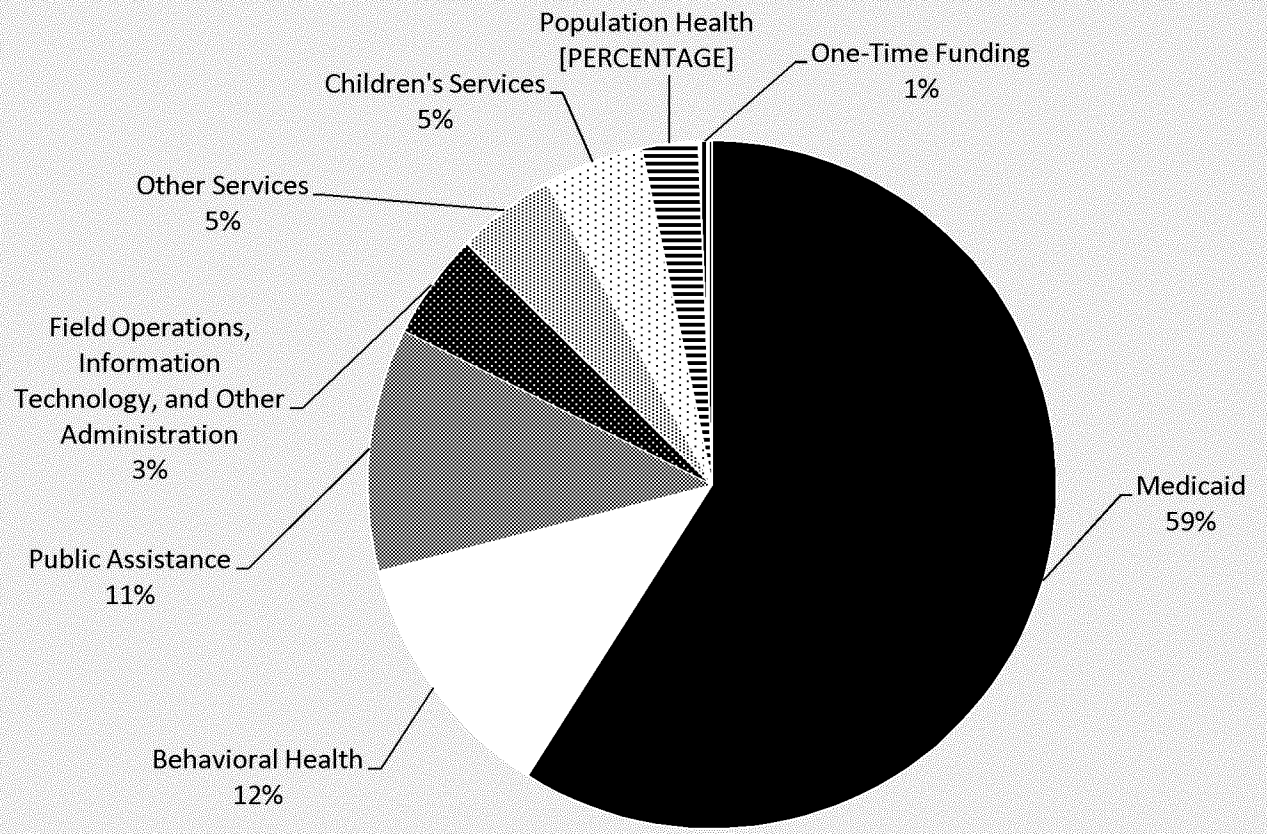

Update on Federal Consent Decree

- Under a new court-approved plan approved February 2, 2016, DHHS will be able to sharpen its focus on protecting vulnerable children.
- The Implementation, Sustainability, and Exit Plan (ISEP) replaces the Modified Settlement Agreement (MSA), reducing 238 previously monitored requirements to 70.
- Allows DHHS to devote resources to improving safety and well-being outcomes for children and less on monitoring issues that have already been addressed.
- New plan sets the Children's Services Agency on a path toward exiting federal court oversight of Michigan's child welfare system.

Governor Snyder's FY17 Recommendation

MDHHS 2017 Budget Recommendation

Total Gross: $24.7 B

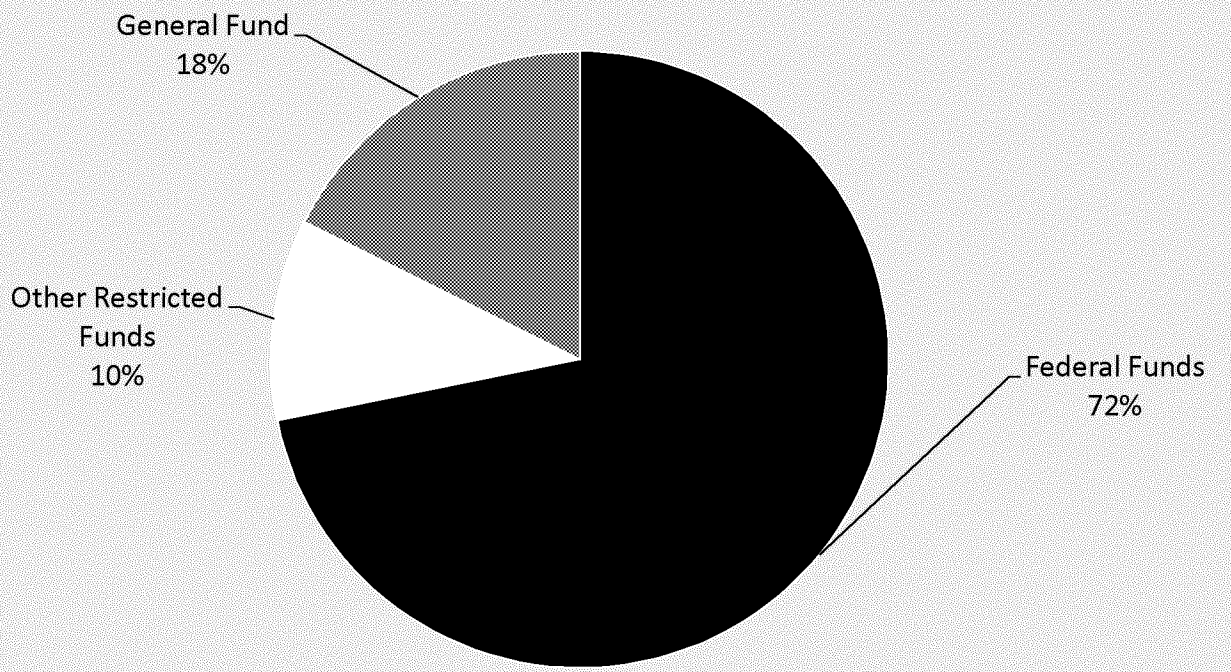

MDHHS 2017 Budget Recommendation

	Gross	GF/GP
Medicaid	$14,576.7	$1,869.4
Behavioral Health/Substance Abuse Services	$2,955.5	$2,914.8
State Psychiatric Hospitals and Centers	$293.9	$218.2
Public Assistance	$2,824.1	$106.4
Field Operations, Information Technology and Other Administrative	$1,232.9	$409.5
Children's Services	$1,154.8	$443.9
Other Services	$1,151.5	$435.1
Population Health	$651.5	$73.9
One-Time Funding	$160.8	$40.2

MDHHS 2017 Budget Recommendation

	Ongoing GF/GP	Ongoing Gross	One-Time GF/GP	One-Time Gross
Recommendation	**$4,310.6**	**$24,547.2**	**$40.0**	**$160.8**
Healthy Kids Dental Completed Statewide Expansion	$8.9	$25.6		
New Patient Unit at the Center for Forensic Psychiatry	$7.6	$7.6		
MiSACWIS Modernization	$7.7	$10.8	$0.0	$11.5
Multicultural Integration Funding Increase	$1.4	$1.4		
Technology Supporting Integrated Service Delivery	$1.2	$12.3	$0.0	$36.9
Family Independence Program Clothing Allowance Increase	$0.0	$6.1		
Pharmacy Reserve Fund			$30.0	$86.1

Autism Navigator			$1.1	$1.1
Family Preservation and Support Services Expansion			$0.0	$10.0
Financial Literacy Pilot			$0.0	$5.8

MDHHS 2017 Budget Recommendation
Types of Funding

MDHHS 2017 Flint-Related Investments

Nutrition, In-Home Services, and Lead-Related Efforts

Resources for the People of Flint

Continues programming intended to evaluate and assist those affected by lead contamination, including longer-term issues.

Provides $15.1 M Gross, $9.1 M GF/GP to:

- Provide nutritional services throughout the community ($4.7 M Gross, $1.1 M GF/GP).
- Provide food inspection ($150,000 GF/GP).
- Support Child and Adolescent Health Centers and Pathways to Potential staff in local schools ($1.1 M Gross, $949,500 GF/GP).
- Ensure children with elevated blood levels are evaluated and guided to appropriate medical care, including intensive therapies and crisis intervention as needed through a direct appropriation to the local Community Mental Health provider ($6.9 M Gross, $5.0 M GF/GP).
- Support lead investigations and develop a plan for lead mitigation ($1.5 M Gross, $1.0 M GF/GP).

MDHHS 2017 Investments

Systems Support and Modernization

Technology Supporting Integrated Service Delivery

- Modernizes and integrates the systems supporting MDHHS
- Provides coordination of benefits and a modern marketplace experience
- 90% federal funding, with a 10% State GF/GP match
- $49.2M Gross, $4.9 M GF/GP investment will streamline the DHHS beneficiary application and enrollment process

MDHHS 2017 Investments

Systems Support and Modernization

MiSACWIS Modernization

- System enhancements to meet federal compliance and provide tools to child welfare workers to:
  - Increase the effectiveness of safety plans
  - Increase the performance of the Centralized Intake Hotline
  - Provide more efficient tools for permanency planning
  - Further prevent families needing long term assistance from child welfare
  - Utilize the ISD Portal
- $22.3 M Gross, $7.7 M GF/GP investment builds upon the current system's functionality.

MDHHS 2017 Investments
Health and Wellness

Healthy Kids Dental Expansion

- Expand coverage to youth ages 13-20 in Wayne, Oakland, and Kent counties.
- Completes phase-in of statewide coverage.
- All Michigan children under age 21 have access to dental care.
- $25.6 M Gross, $8.9 M GF/GP investment to cover an additional 130,000 children.

MDHHS 2017 Investments
Health and Wellness

Medicaid Funding for Specialty Pharmacy

- Provides funding for the cost of specialty pharmacy products to treat:
  - Hepatitis C: $327.8 M Gross, $91.5 M GF/GP, to treat approximately 7,600 individuals
  - Cystic Fibrosis: $66.3 M Gross, $43.7 M GF/GP, to treat approximately 320 children
- Recommended by Pharmacy and Therapeutics Committee
- Establishes a one-time $86.1 M Gross, $30 M GF/GP Pharmacy Reserve Fund for future high-cost pharmaceuticals

MDHHS 2017 Investments
Health and Wellness

New Patient Unit at Center for Forensic Psychiatry

- Open unused wing to bring total capacity to 240 patient beds
- Move individuals currently housed in other regional hospitals or local jails to a facility better suited to address their mental health needs
- $7.6 M Gross and GF/GP investment to provide treatment for 30 additional patients

Autism Navigator/Autism Alliance

- Continues funding to the Autism Alliance for an assessment of the statewide roll-out of the Medicaid Autism benefit and for staff to assist families of autistic children in finding services.
- $1.1 M Gross and GF/GP.

MDHHS 2017 Investments
Health and Wellness

Integration of Physical and Behavioral Health Services

- Improved Care Delivery
- Improve Health Outcomes
- Better Coordinated Care

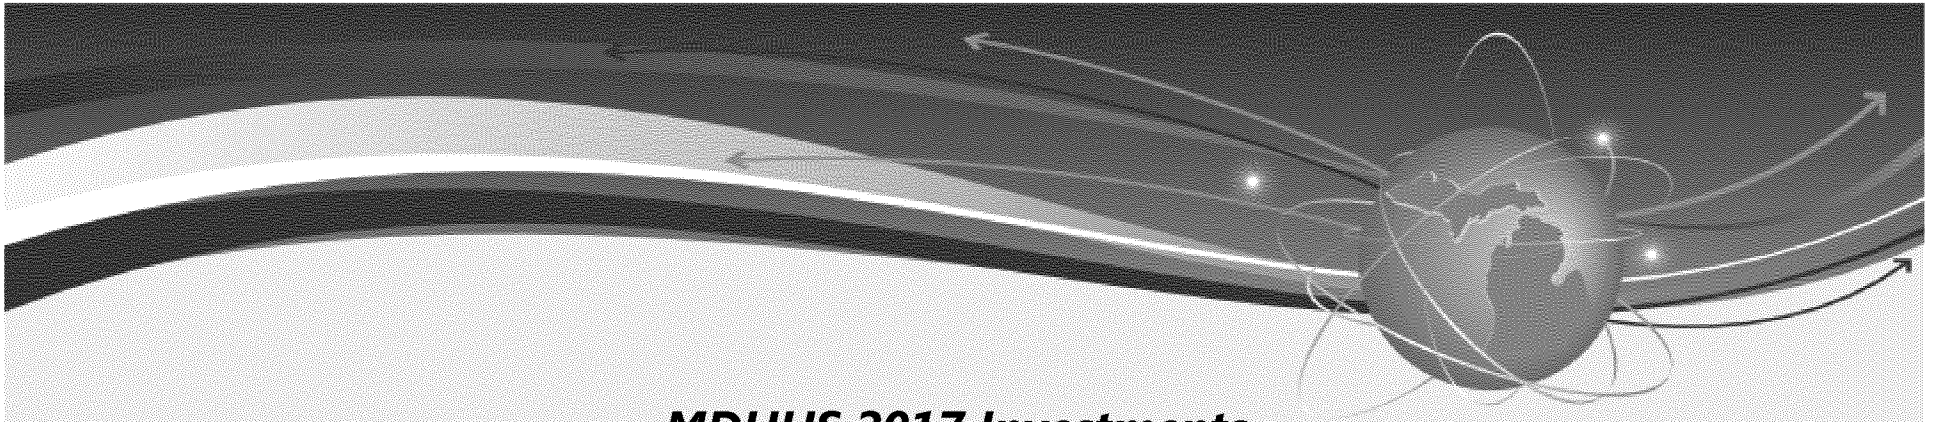

[Speaker Notes For Slide: 30]

IMPROVED CARE DELIVERY
4 CMHSPs have been involved in providing Health Home services, strengthening their capacity to do outreach, engagement, and health and wellness activities for persons with serious mental illness coupled with chronic conditions like diabetes. This is part of the Medicaid program and we are evaluating these four localities to determine success before considering whether to seek this opportunity for other areas of the state

IMPROVE HEALTH OUTCOMES

BETTER COORDINATED CARE
The CMH, PIHP and Medicaid Health Plan systems are increasing their use of tools like real time health information exchange (hospital admission discharge and transfer messages) and analytics tools like Care Connect 360 to better understand both individual global health conditions and support histories for the people they serve. Very exciting things are happening with health information exchange and analytics in the CMH system.

There are pilots happening for jail and prison diversion, better training of officers to deal with children and adults with autism and mental illness, that are resulting in much better coordination of care.

MDHHS 2017 Investments

Provide Support to Youth and Families

Family Independence Program Clothing Allowance Increase

- Funds $200 annual clothing allowance payment for all 45,000 children receiving FIP assistance.
- $6.1 M investment is entirely funded with federal TANF revenues.

Family Preservation and Support Services Expansion

- Three-year pilot to expand Parent Partner and Family Reunification programs to additional counties.
- Services prevent the need for foster care, shorten the length of time between foster care entry and reunification, and sustain parental progress following reunification.
- $10.0 M one-time investment is entirely funded with federal TANF revenues.

MDHHS

Michigan Department of Health & Human Services

RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

Tim Becker, Chief Deputy Director

Department Overview

Presentation to Senate Appropriations Subcommittee

Health and Human Services

February 16, 2016

Our Guiding Principles

Mission

The Michigan Department of Health and Human Services provides opportunities, services, and programs that promote a healthy, safe, and stable environment for residents to be self-sufficient.

Vision

Develop and encourage measurable health, safety and self-sufficiency outcomes that reduce and prevent risks, promote equity, foster healthy habits, and transform the health and human services system to improve the lives of Michigan families.

MDHHS

Michigan Department of Health and Human Services
2016 Strategic Priorities

CHILDREN
Ensure that Michigan youth are healthy, protected, and supported on their path to adulthood.

ADULTS
Safeguard, respect, and encourage the wellbeing of Michigan adults in our communities and our care.

FAMILY SUPPORT
Support families and individuals on their road to self-sufficiency through responsive, innovative, and accessible service delivery.

HEALTH SERVICES
Transform the healthcare system and behavioral health coordination to improve outcomes for residents.

POPULATION HEALTH
Promote and protect the health, wellness, and safety of all Michigan residents.

WORKFORCE
Strengthen opportunities, promote diversity, and empower our workforce to contribute to Michigan's economic development.

Action on Flint Declaration of Emergency

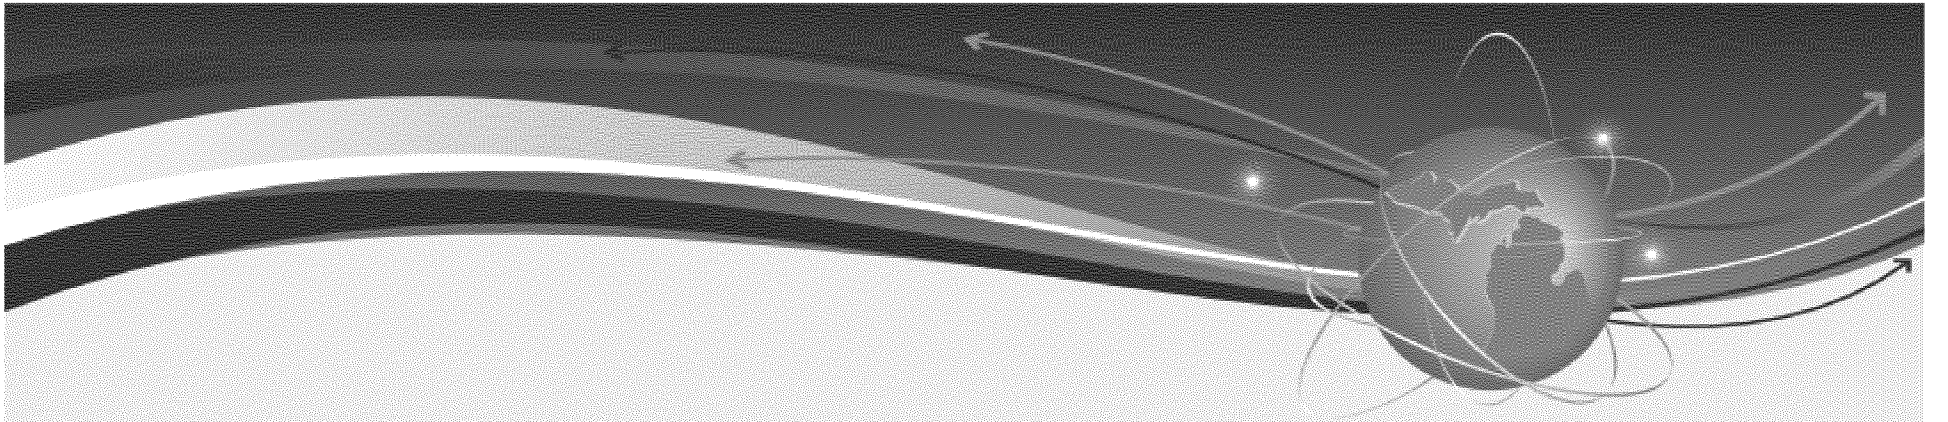

Responsibility – Accountability – Action

MDHHS IMPLEMENTING:

- Lead testing and follow-up
- Nutrition education and outreach and food distribution
- School-based initiatives
- Data and metrics
- Improved access to medical care through our Child and Adolescent Health Centers
- Distribution of water resources
- Expansion of the Pathways to Potential program

MDHHS Services Statistics

- 2.6 million people received public assistance
- 1.7 million total average eligible - traditional Medicaid
- 1.2 million children served in Medicaid
- 380,000 disabled adults served in Medicaid
- 601,889 individuals enrolled in Healthy Michigan Plan
- Nearly 810,000 children enrolled in Healthy Kids Dental
- 824,428 households received food assistance
- 28,475 average monthly cases received cash assistance through the Family Independence Program (FIP)
- 69.4% of FIP cases met Federal Work Participation requirements
- 370,045 low-income households received basic heating assistance
- $1.41 billion in child support payments processed
- 881,557 children in child support cases
- 768,556 emergency shelter bed nights provided
- 276,621 night of domestic shelter services provided
- 37.23% reduction in chronic absenteeism in 219 Pathways to Potential schools
- 241,329 people served by CMHSPs and PIHPs
- 5 state-operated hospitals and centers
- 2,018 licensed psychiatric beds in the community for adults; 256 for children
- 819 received problem gambling assistance
- More than 288,000 participated in Substance Abuse Prevention Programs
- Nearly 12,900 children in foster care
- 241 scholarships awarded to former foster youth through the Fostering Futures scholarship program
- More than 1,700 children adopted
- 2 state-operated secure residential facilities for juveniles
- 92,729 Children's Protective Services investigations
- 40,302 Adult Protective Services referrals
- 2 million older adults (aged 60+) in Michigan
- 85+ age group is fastest growing
- 10.3 million home delivered/congregate meals provided to aging population in Michigan
- 6,958 caregivers received 867,872 hours of service
- 92,219 older adults received a wide variety of community-based services
- 9,320 older adults participated in volunteer programs
- 3,328 children received autism diagnostic services
- 1,553,666 doses of vaccine in the Vaccine for Children program valued at $87,526,676 distributed to providers
- 74% of children aged 19 through 35 months of age completed the recommended vaccine series (MCIR)
- 201,684 low-income households served by Michigan Community Action Agencies
- 43,822 front-end eligibility fraud program investigations conducted

Our Vision: Transform the Health and Human services system to improve the lives of Michigan families

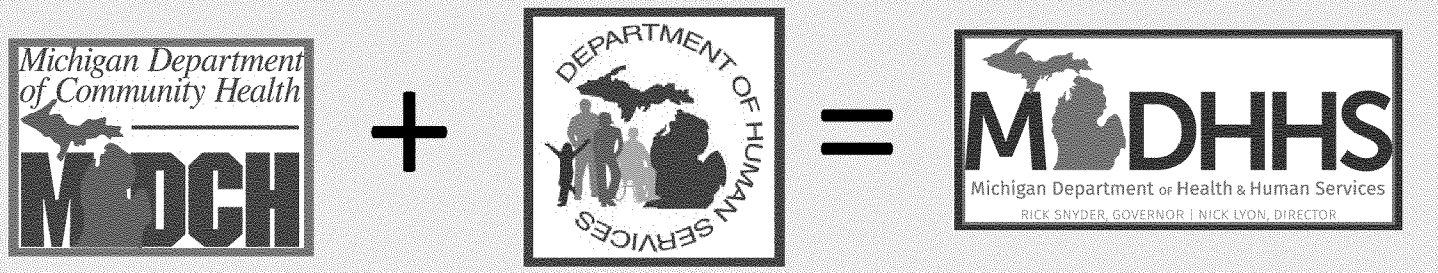

Core Principles

People Not Programs
Root Causes Not Symptoms
Maximize Results
Engage the Community
Measure Outcomes

"We can reorganize the way government does business from a people point of view – to focus on the person and solve their problems. This won't be about creating new programs. It will be about effective, accountable government that collaborates to provide good service to our customers."

- Michigan Governor Rick Snyder

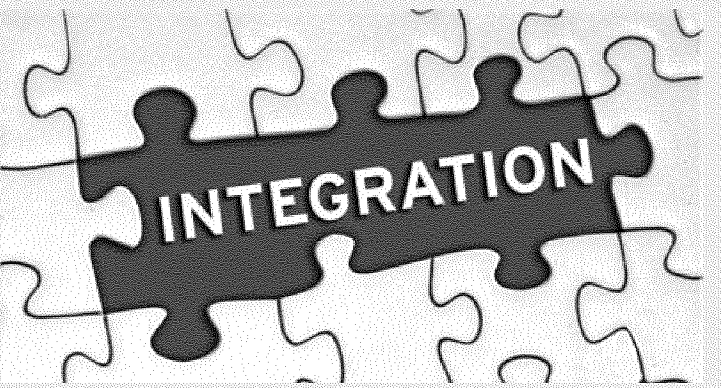

The Merger: A Starting Point for Transformation

- Separately, the Departments managed hundreds of unique programs that customers interacted with in a multitude of ways.
- Through the merger, we're looking at every program we offer to see how we can achieve more person-centric flexibility.
- The combined MDHHS is charged with reforming how we interface with our customers through technology and making the service delivery system more focused on the customer's needs.

Our Challenge: Integrating Programs

"We've tried to solve problems by **creating new programs** and **adding layers** of government. Each program focuses on a **specific piece of someone's life** without looking at the whole person and understanding what's holding them back from success. Government keeps getting bigger, **the root of someone's problem isn't solved**, and people are **maintained in a status quo.**"

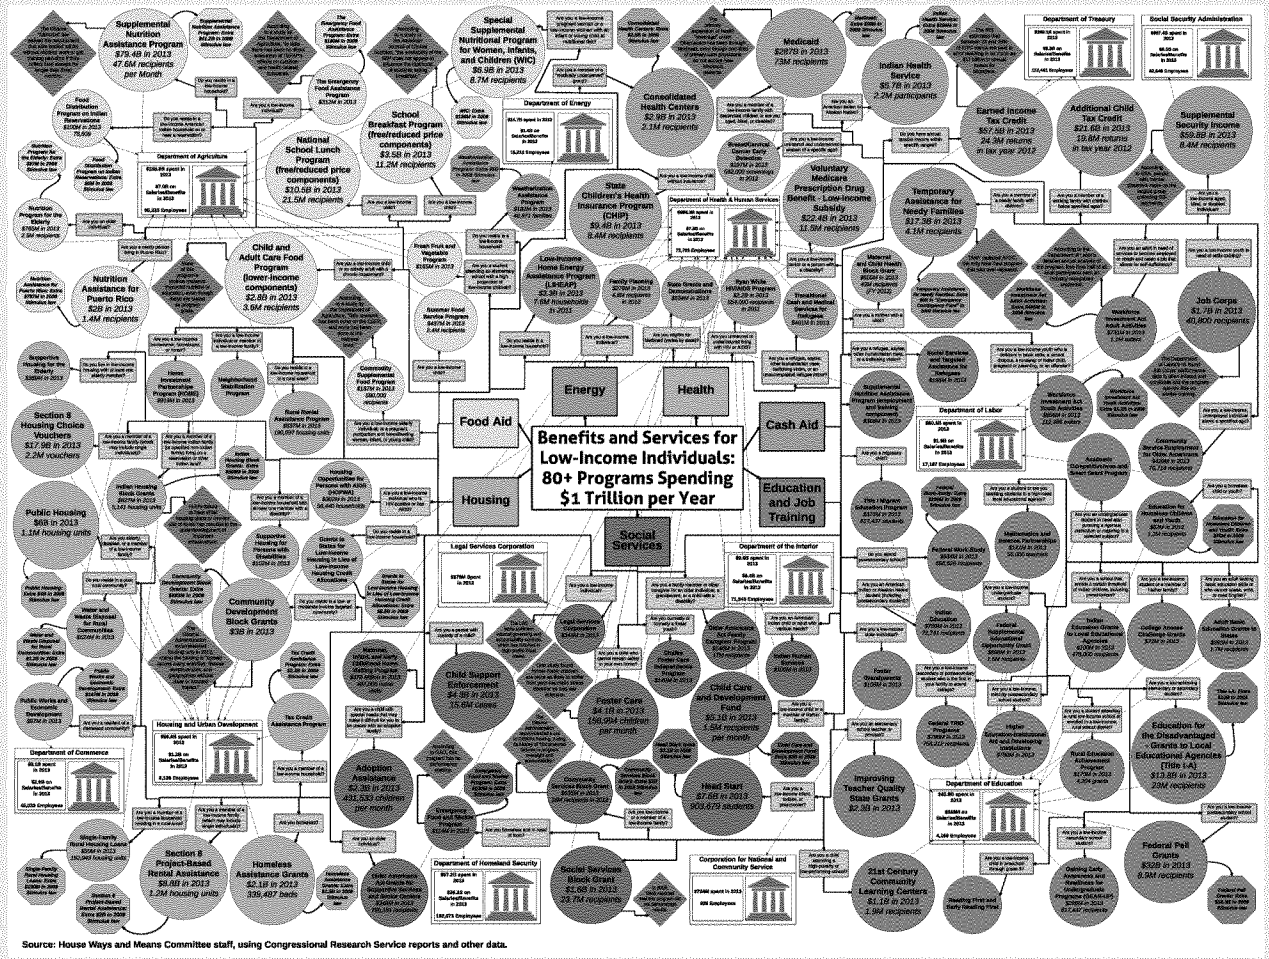

Benefits of the Merger

Collaboration Across Health and Human Services

- **Children's Behavioral Action Team**
  - Development of collaborative transition plans to support 50 children/youth with serious emotional disturbance, from Hawthorn Center to return home to their families.
  - As of 12/31/15, 24 have received services. Of the 24, 18 have been discharged and 75% have remained completely out of psychiatric inpatient care.
- **Flint Response**
  - Distribution of water resources
  - Coordination of services
- **Safe Sleep Initiative**
  - Development of an initiative to encourage safe sleeping arrangements for infants
  - Training for health and human service professionals to educate families on the importance of a safe sleep environment for infants
- **Pathways to Potential**
  - Using Mental Health and Wellness funding, Pathways to Potential partnered with Michigan Rehabilitation Services to place an employment counselor into each Pathways school
  - MDHHS was also able to use some of that funding to provide an 8 week summer work experience in conjunction with the Department of Natural Resources for Pathways students.

Where We Stand: Today's Complex System

Our Vision: Integrated Service Delivery

Today: Program Focus

- Transactional and enrollment focused
- Siloed service delivery that does not solve the root problem
- Manual processes that add layers of duplication
- Program focus
- Limited supports that focus on a finite segment
- Overloaded case workers

Tomorrow: Person Focus

- Holistic, proactive, and preventative approach focused on outcomes
- Government and communities collaborating to serve customers better
- Highly automated, streamlined with self-service capabilities
- Person focus
- Providing well-rounded, localized and targeted support to maximize results
- Case workers focusing on people to improve outcomes

MDHHS

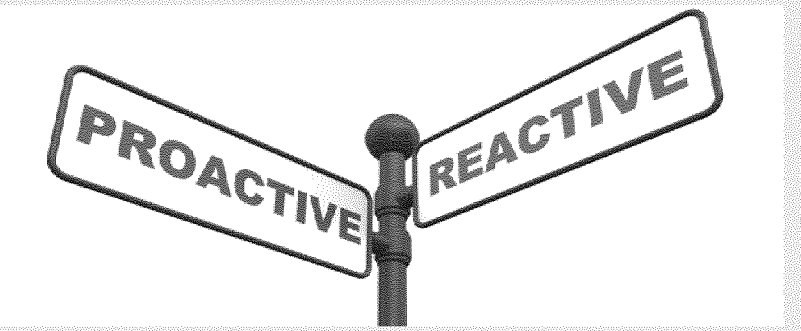

Integrated Service Delivery: Proactivity in Practice

Integrated Service Delivery

- The integrated model brings many diverse supports and services together in a singular customer experience, including those provided by MDHHS and other organizations.
- It works to not only resolve immediate needs, but assess and understand factors contributing to a family's overall stability.
- It supports customers in creating a plan to resolve barriers and move toward sustainability.

The Current System

- Today's system delivers services in a fragmented way, often after families are already facing crisis situations.
- These reactive interventions are expensive and frequently don't address the underlying factors which contribute to a crisis situation.

What Impacts Michigan Health?

MDHHS
Michigan Department of Health & Human Services

Adapted from the Centers for Disease Control and Prevention's
A Framework for Public Health Action: The Health Impact Pyramid

Transformation: Integrated Service Delivery

MDHHS's current integrated service delivery transformation will focus on five critical innovations:

Strategic Alignment

A single, comprehensive strategic structure to align, integrate and ensure the effectiveness and transparency of the programs, services and benefits MDHHS provides.

Holistic Assessment

A common assessment to holistically identify a person's needs, goals and the programs which may be supportive in achieving their goals.

Common Connector and Plan

A common application, referral and success planning process across programs to serve as a single entry and connection point to all supportive opportunities.

Robust Self-Service

Robust client self-service opportunities including online services and a call center where customers can get support with a variety of programs.

Streamlined Renewal

A streamlined renewal and information update process which exchanges information and determinations across programs to minimize administrative burden.

Transformation: Infrastructure Supporting Integration

MDHHS's integrated service delivery transformation will foster five key infrastructure advancements:

Partner Integration

A platform for State employees, healthcare providers and community organizations to work cooperatively as partners in supporting and coordinating services for customers.

Statewide Resource Index

A comprehensive, statewide index of health, human services, education and workforce resources and service providers to address the root causes of a person's challenges.

Universal Case Management

Effective distribution of work amongst MDHHS offices and employees through implementation of a universal caseload system to improve timeliness and allow for greater flexibility.

Process Improvement

A portfolio of focused improvement projects across the Department's programs and services to engage employees and partners in reinventing MDHHS.

Consent Management

Architecture to document active customer relationships, gain customer consent for information sharing and share pertinent, timely information.

FY 2016 Initiative

Healthy Michigan Plan

- Approximately **600,000** individuals enrolled.
- **Second waiver approved** by the Centers for Medicare and Medicaid Services on 12/17/15, allowing the program to continue.
- Beginning January 1, 2017, the **federal government contribution drops from 100% to 95%**, requiring a 5% state match.

Impacts of the Healthy Michigan Plan

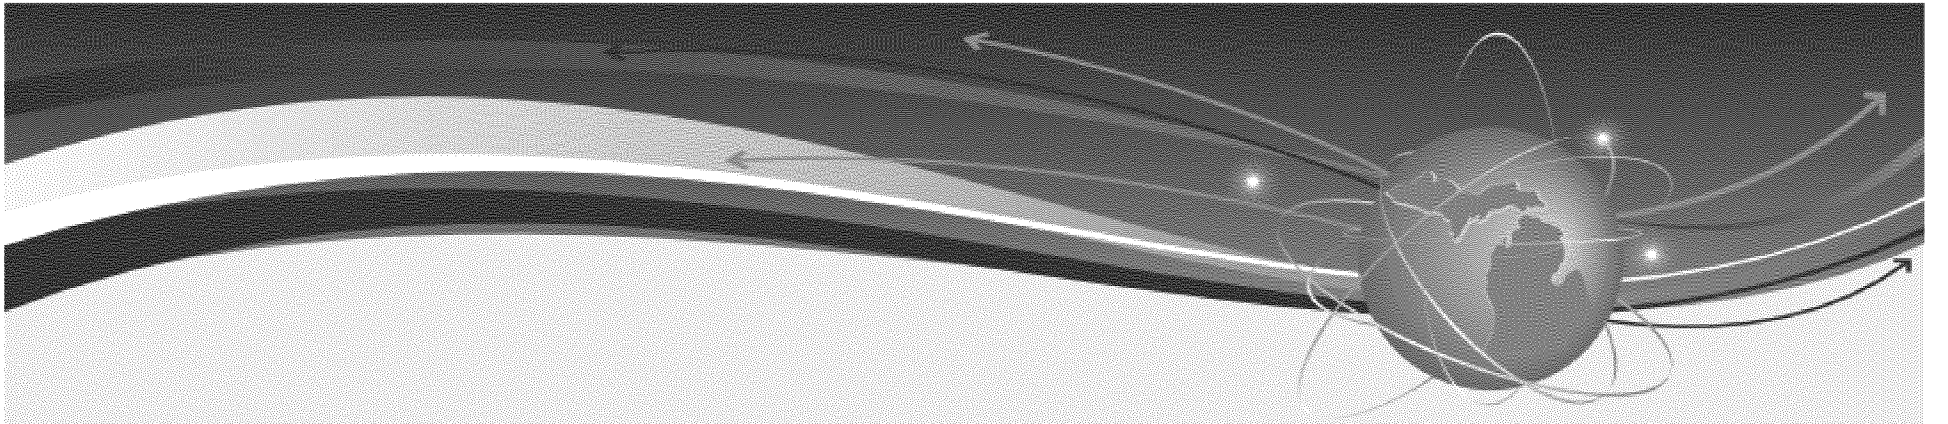

- 435,769 enrollees received a primary care visit
- 276,479 preventive visits have been covered
- 229,745 enrollees received a dental visit
- Nearly 915,000 mental health encounters have been covered
- 136,283 mammograms have been covered
- 32,575 enrollees received colon cancer screenings
- 7,010 enrollees received a OB visit (antepartum, delivery, postpartum)
- 67% of newly eligible enrollees have received a visit with their Primary Care Provider within 150 days of enrollment
- 85% of enrollees have received at least one primary or preventive care visit

FY 2016 Initiative

Strengthening and Improving Michigan's Child Welfare System

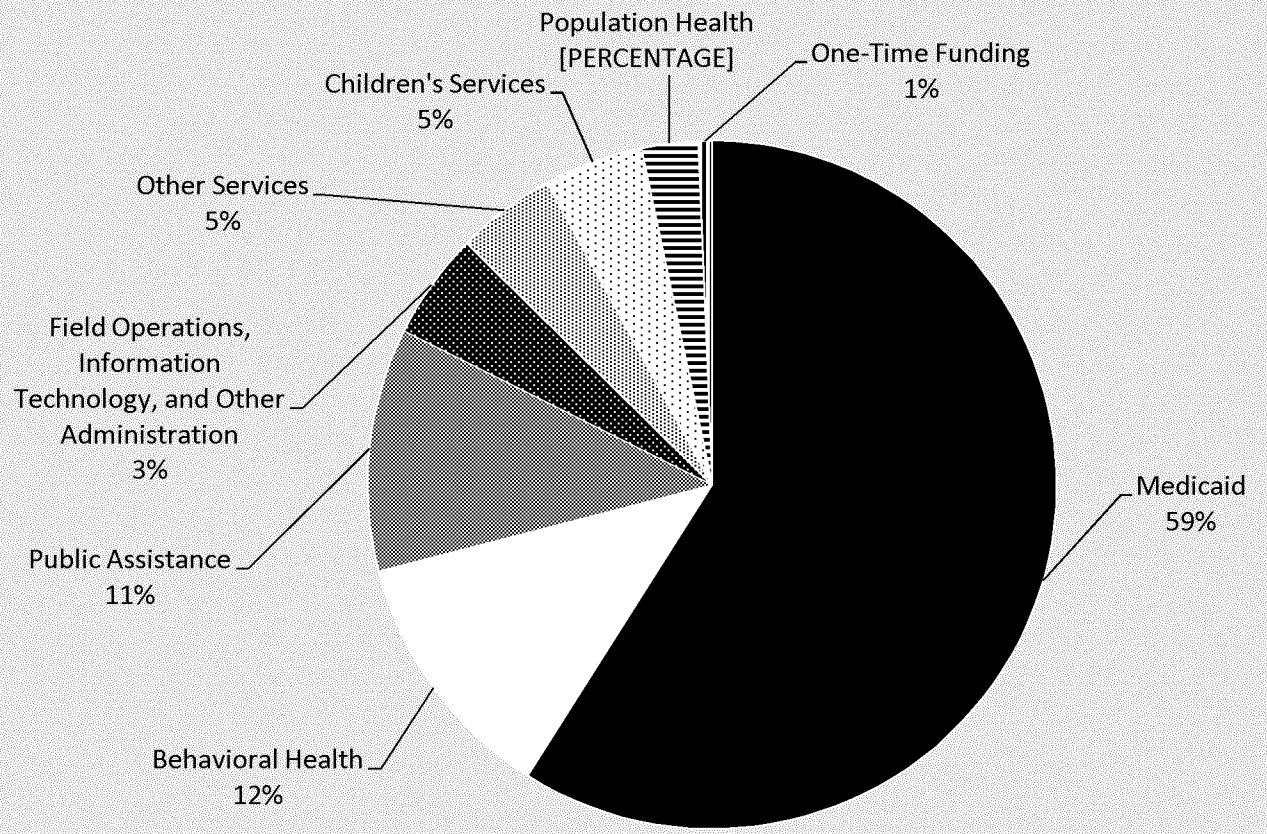

Update on Federal Consent Decree

- Under a new court-approved plan approved February 2, 2016, DHHS will be able to sharpen its focus on protecting vulnerable children.
- The Implementation, Sustainability, and Exit Plan (ISEP) replaces the Modified Settlement Agreement (MSA), reducing 238 previously monitored requirements to 70.
- Allows DHHS to devote resources to improving safety and well-being outcomes for children and less on monitoring issues that have already been addressed.
- New plan sets the Children's Services Agency on a path toward exiting federal court oversight of Michigan's child welfare system.

MDHHS 2017 Budget Recommendation
Types of Funding

MDHHS 2017 Flint-Related Investments

Nutrition, In-Home Services, and Lead-Related Efforts

Resources for the People of Flint

Continues programming intended to evaluate and assist those affected by lead contamination, including longer-term issues.

Provides $15.1 M Gross, $9.1 M GF/GP to:

- Provide nutritional services throughout the community ($4.7 M Gross, $1.1 M GF/GP).
- Provide food inspection ($150,000 GF/GP).
- Support Child and Adolescent Health Centers and Pathways to Potential staff in local schools ($1.1 M Gross, $949,500 GF/GP).
- Ensure children with elevated blood levels are evaluated and guided to appropriate medical care, including intensive therapies and crisis intervention as needed through a direct appropriation to the local Community Mental Health provider ($6.9 M Gross, $5.0 M GF/GP).
- Support lead investigations and develop a plan for lead mitigation ($1.5 M Gross, $1.0 M GF/GP).

MDHHS 2017 Investments

Systems Support and Modernization

Technology Supporting Integrated Service Delivery

- Modernizes and integrates the systems supporting MDHHS
- Provides coordination of benefits and a modern marketplace experience
- 90% federal funding, with a 10% State GF/GP match
- $49.2M Gross, $4.9 M GF/GP investment will streamline the DHHS beneficiary application and enrollment process

MDHHS 2017 Investments

Systems Support and Modernization

MiSACWIS Modernization

- System enhancements to meet federal compliance and provide tools to child welfare workers to:
  - Increase the effectiveness of safety plans
  - Increase the performance of the Centralized Intake Hotline
  - Provide more efficient tools for permanency planning
  - Further prevent families needing long term assistance from child welfare
  - Utilize the ISD Portal
- $22.3 M Gross, $7.7 M GF/GP investment builds upon the current system's functionality.

MDHHS 2017 Investments
Health and Wellness

Healthy Kids Dental Expansion

- Expand coverage to youth ages 13-20 in Wayne, Oakland, and Kent counties.
- Completes phase-in of statewide coverage.
- All Michigan children under age 21 have access to dental care.
- $25.6 M Gross, $8.9 M GF/GP investment to cover an additional 130,000 children.

MDHHS 2017 Investments
Health and Wellness

Medicaid Funding for Specialty Pharmacy

- Provides funding for the cost of specialty pharmacy products to treat:
  - Hepatitis C: $327.8 M Gross, $91.5 M GF/GP, to treat approximately 7,600 individuals
  - Cystic Fibrosis: $66.3 M Gross, $43.7 M GF/GP, to treat approximately 320 children
- Recommended by Pharmacy and Therapeutics Committee
- Establishes a one-time $86.1 M Gross, $30 M GF/GP Pharmacy Reserve Fund for future high-cost pharmaceuticals

MDHHS 2017 Investments
Health and Wellness

New Patient Unit at Center for Forensic Psychiatry

- Open unused wing to bring total capacity to 240 patient beds
- Move individuals currently housed in other regional hospitals or local jails to a facility better suited to address their mental health needs
- $7.6 M Gross and GF/GP investment to provide treatment for 30 additional patients

Autism Navigator/Autism Alliance

- Continues funding to the Autism Alliance for an assessment of the statewide roll-out of the Medicaid Autism benefit and for staff to assist families of autistic children in finding services.
- $1.1 M Gross and GF/GP.

MDHHS 2017 Investments

Health and Wellness

Integration of Physical and Behavioral Health Services

- Improved Care Delivery
- Improve Health Outcomes
- Better Coordinated Care

[Speaker Notes For Slide: 30]

IMPROVED CARE DELIVERY
4 CMHSPs have been involved in providing Health Home services, strengthening their capacity to do outreach, engagement, and health and wellness activities for persons with serious mental illness coupled with chronic conditions like diabetes. This is part of the Medicaid program and we are evaluating these four localities to determine success before considering whether to seek this opportunity for other areas of the state

IMPROVE HEALTH OUTCOMES

BETTER COORDINATED CARE
The CMH, PIHP and Medicaid Health Plan systems are increasing their use of tools like real time health information exchange (hospital admission discharge and transfer messages) and analytics tools like Care Connect 360 to better understand both individual global health conditions and support histories for the people they serve. Very exciting things are happening with health information exchange and analytics in the CMH system.

There are pilots happening for jail and prison diversion, better training of officers to deal with children and adults with autism and mental illness, that are resulting in much better coordination of care.

MDHHS 2017 Investments

Provide Support to Youth and Families

Family Independence Program Clothing Allowance Increase

- Funds $200 annual clothing allowance payment for all 45,000 children receiving FIP assistance.
- $6.1 M investment is entirely funded with federal TANF revenues.

Family Preservation and Support Services Expansion

- Three-year pilot to expand Parent Partner and Family Reunification programs to additional counties.
- Services prevent the need for foster care, shorten the length of time between foster care entry and reunification, and sustain parental progress following reunification.
- $10.0 M one-time investment is entirely funded with federal TANF revenues.

MDHHS Senate Budget Presentation Schedule

Administration	Presenter	Date
MDHHS Overview	Tim Becker MDHHS Chief Deputy Director	February 16
Business Integration Center	Karen Parker Senior Deputy Director	February 16
Children's Services Agency	Steve Yager Executive Director	February 23
Population Health and Community Services	Sue Moran Senior Deputy Director	February 25
Medical Services Administration	Chris Priest Senior Deputy Director	March 1
Aging and Adult Services Agency	Kari Sederburg Executive Director	March 3
Policy, Planning & Legislative Affairs Administration	Elizabeth Hertel Senior Deputy Director	March 3
Field Operations Administration	Terry Beurer Senior Deputy Director	March 8
Behavioral Health and Developmental Disabilities Administration	Lynda Zeller Senior Deputy Director	March 10

MDHHS House Budget Presentation Schedule

Administration	Presenter	Date

MDHHS

Michigan Department of Health & Human Services

RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

Population Health and Community Services Administration
Fiscal Year 2017

Presentation to House Appropriations Subcommittee on Health & Human Services

February 25, 2016

Susan Moran, Senior Deputy Director,
Population Health and Community Services Administration
Farah Hanley, Senior Deputy Director, Financial Operations Administration

Our Guiding Principles

Mission

The Michigan Department of Health and Human Services provides opportunities, services, and programs that promote a healthy, safe, and stable environment for residents to be self-sufficient.

Vision

Develop and encourage measurable health, safety and self-sufficiency outcomes that reduce and prevent risks, promote equity, foster healthy habits, and transform the health and human services system to improve the lives of Michigan families.

Population Health and Community Services Administration

Mission:

To protect & improve the health of all people in Michigan.

Vision:

All Michigan residents are healthy, safe, and self-sufficient.

[Speaker Notes For Slide: 3]

Thank you Mr. Chairman and for the opportunity to address the committee.
Our mission is to protect and improve the health of all people in Michigan. Our vision is that all Michigan residents are healthy, safe and self sufficient.
Our programs and services are organized into six Bureaus:
Bureau of Local Health and Administrative Services
Bureau of Family, Maternal, and Child Health
Bureau of Laboratories
Bureau of Disease Control, Prevention, and Epidemiology
Bureau of EMS, Trauma, and Preparedness
Bureau of Community Services

Action on Flint Declaration of Emergency

Public Health Response in Flint

2015 -16 Supplemental Funding focused on:

- Lead testing and follow-up
- Nutrition support and WIC Outreach
- School Based Initiatives
- Data and Metrics

[Speaker Notes For Slide: 5]

The public health response to the Flint water situation includes multiple agencies and draws upon many local, state, and federal resources to assist with the short term and long term recovery efforts.
The supplemental funding that is directed to the population health and community services administration is focused on four priority areas:
Lead testing and follow up
Nutrition support and WIC outreach
School based initiatives
Data and metrics

Action on Flint Declaration of Emergency

Lead Testing and Follow-Up

- MDHHS is working with local partners to ensure all children are tested for lead
- **6,920** people had blood lead tests (10-1-15 to 2-5-16) in zip codes 48501 - 48507
- **63** children (2.3%) in above zip codes have blood lead levels above 5mcg
- Weekly blood lead level test results for selected Flint zip codes are posted on the **Michigan.gov/flintwater** website

[Speaker Notes For Slide: 7]

Blood lead testing is an important part of our effort to identify children who are exposed to lead sources in the environment, including water.
Children less than 6 years of age are particularly at risk because they absorb more swallowed lead than older children and the younger brain and nervous system is still developing. When a child is at risk, a blood test is done as a marker for lead exposure.
Blood lead testing can identify children who have had recent exposure to lead sources- MDHHS recognizes that the full community of Flint must be the focus of the public health response, dating back to April 2014 when the water source changed.
MDHHS publishes a weekly BLL test report that may be found on the flintwater website.

(update these two bullets closer to hearing date)

Action on Flint Declaration of Emergency

Lead Testing and Follow-Up

Nurse Case Management: Child health assessment, nutrition counseling, education about lead, visual assessment of the home, developmental screening and community service referrals for children with elevated blood lead levels (EBL).

- Genesee County Health Department: funding supports 2 nurses and 1 Community Health Worker
- **163** families have been offered case management
- 53 families (as of 2-19-16) currently are receiving the service

[Speaker Notes For Slide: 9]

The Michigan Department of Health and Human Services is partnering with the Genesee County Health Department to ensure families are being offered case management support.
The initial case management provided by GCHD includes a health assessment, nutrition counseling, education about lead sources, and linking back to the primary care provider for all ongoing follow up.
Additional state funds were allocated to the Genesee County Health Department to support nurses who are trained to provide education and assistance to families of Flint children with elevated blood lead levels – and community health workers to assist in locating and engaging families.
Population Health, Medical Services Administration, and Medicaid Health Plans are working together to develop procedures, training and billing codes to assure that CM and in-home nurse follow-up services will be available for all Medicaid-enrolled children with an EBL.

Action on Flint Declaration of Emergency

Lead Testing and Follow Up
EBL Investigations

- Home investigation is a resource offered to families where elevated blood lead level has been detected
- Environmental investigations help identify potential lead sources
- **30** EBL investigations have been completed as of 2-16-16
- Potential sources of lead include:
  - dust
  - soil
  - paint
  - water

[Speaker Notes For Slide: 11]

Once a child/children have been identified with elevated blood lead level, a referral for a home investigation is offered. The home investigation tests and confirms all sources of lead, including water, faucets and fixtures, and recommends ways to control and abate lead hazards. Lead abatement work may involve: replacing dry wall, windows, faucets, and cleaning of any surfaces with lead. This work is done through building contractors.
The FY 16 supplemental includes $1.5 million to abate lead from additional 100 homes in City of Flint.
During FY 15: 192 homes statewide were abated.
7 homes were abated in Flint Fiscal Year 2015
12 health departments that receive some combination of grants listed below:
3 receive Intervention grants (based on data; augments billing for nursing assessment visits/CM fir 3 areas with highest number of children with EBLs).
8 currently receive Prevention grants (based on data; provides small amount of funding to work with children with EBLs 5-14 or pregnant women, to prevent EBL from going up or to address hazards before baby is born. One additional health department with higher numbers had turned down funding, now is expressing interest in the $$).
8 receive Education & Outreach grants (organized by Prosperity Region; 2 additional regions need to be re-bid).

Action on Flint Declaration of Emergency

Nutrition Support and WIC Outreach

Nutrition Support: Focus on Reaching Children 0-6

- Contract with Food Bank Council to expand lead mitigating food
- Nutrition classes and taste testing at food distribution sites
- Nutrition-focused hot line to the 211 system
- Expand summer food programs for students/community
- Backpack programs for 17 schools in Flint

[Speaker Notes For Slide: 13]

Nutrition can play a pivotal role in preventing childhood lead poisoning. When minerals such as calcium and iron are deficient in the body, lead absorption is increased--so children whose diet is deficient in these minerals retain more of the lead than they would have otherwise.
Foods that contain calcium such as milk, yogurt, and cheese can help the body absorb less lead. Vitamin C is also important. Vitamin C helps the body absorb iron. The two team up to reduce lead absorption.
Two mobile food banks will be up and running this week in areas of Flint with that are known to have the highest lead levels in children.
MSU Extension is contracted to provide nutrition classes and taste testing at food distribution sites, also added a nutrition-focused hot line to the 211 system.
Ongoing work includes expanding summer food programs, backpack programs in 17 schools, and setting up new food bank distribution sites.

Action on Flint Declaration of Emergency

Nutrition Support and WIC Outreach

WIC Outreach

- New WIC clinic at Hurley Health System (open in 3/2016)
- Expand WIC services in the 2 existing WIC GCHD clinics
  - Collaborate with community partners to expand WIC in new locations
  - Coordinate WIC nutrition education and 'Fight Lead with Nutrition' messaging with MDE, SNAP, FMNP and hospitals
  - Increase support for lead testing in all WIC clinics in Flint

[Speaker Notes For Slide: 15]

The Special Supplemental Nutrition program for Women, Infants and Children provides Federal grants to States for supplemental foods, health care referrals, and nutrition education for low-income pregnant, breastfeeding, and non-breastfeeding postpartum women, and to infants and children up to age five who are found to be at nutritional risk.
A new WIC Clinic is scheduled to open at Hurley health System next month. This will increase increase access to WIC services for many families with young children.
WIC was approved to receive $18,000 USDA special grant funds to develop and implement an online lead nutrition education module at wichealth.org
WIC is working with GCHD to identify locations in north Flint for a WIC clinic and discussed outreach to existing clinics.
USDA has approved use of WIC funds for lead testing in all WIC clinics in Flint.

Action on Flint Declaration of Emergency

School-Based Initiatives
Child and Adolescent Health Centers

- 100 school based/linked health centers in medically underserved schools and communities in Michigan
- Primary and behavioral health care to K-12 students
- Two existing school based/linked health centers in Flint – Northwestern MS/HS and Beecher MS/HS
- FY16 supplemental provided expansion funding to Flint's existing program
- Create a CAHC "network" using North western's CAHC as a primary care hub:
    - Target 3-6 schools in close proximity to Northwestern with primary care, school nursing, oral health and behavioral health services.

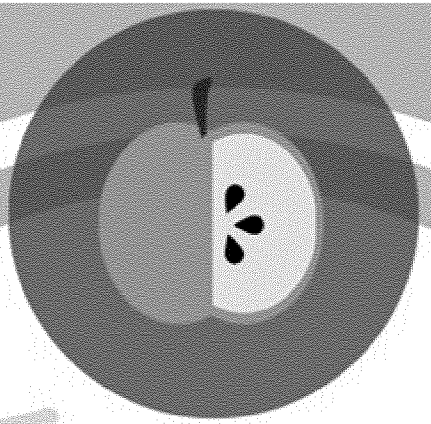

[Speaker Notes For Slide: 17]

The Child & Adolescent Health Center program provides a unique opportunity to address the primary care and behavioral health needs of children and adolescents in high need medically under-served communities.
Nurse Practitioners, Social Workers, Dietitians, and Health Educators within these centers provider client centered onsite health care to K-12 students during the school day, keeping students at school and in class whenever possible.
We have two longstanding CAHCs in Flint, at Northwestern Middle and High School and at Beecher Middle and High. Both are operated by Mott Children's Health Center in partnership with Flint Community Schools.
As part of the FY16 supplemental, funding has been allocated to create a Child & Adolescent Health Center "Network"; using Northwestern as the hub for primary care with 3-6 satellite schools providing school nursing and behavioral health care. These network and satellite sites operate as a coordinate system of care, with referrals and care coordination occurring as needed.
The fully operational "network" will be open within the next 3-6 months.

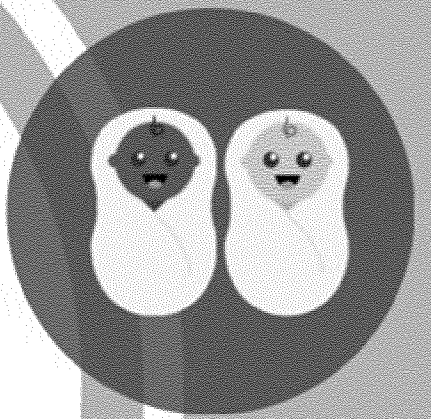

MICHIGAN'S Winnable Battles

Following the leadership of the Centers for Disease Control and Prevention's Winnable Battles to achieve measurable impact quickly, Michigan has identified the population health priorities with the largest-scale impact and known effective strategies to address them.

Nutrition, Physical Activity, and Obesity

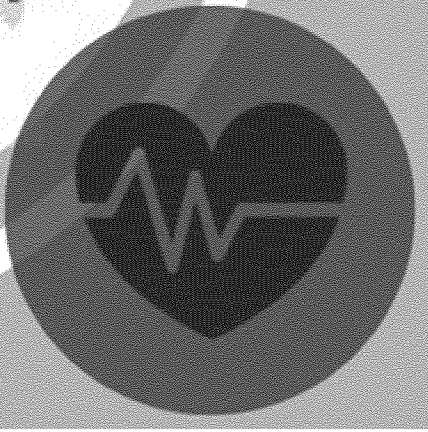

Healthy Babies

Immunizations

Heart Disease and Stroke

Tobacco

[Speaker Notes For Slide: 19]

The term "Winnable Battles" originally came from CDC. Winnable Battles are public health priorities that are leading causes of death and illness, and conditions for which there are known effective strategies can have impact.
By identifying Michigan's priority strategies, setting clear targets and working closely with our public health partners, we are making significant progress in reducing health disparities and the overall health burden from these diseases and conditions.
Michigan’s Five Winnable battles are shown here: Nutrition, physical activity and obesity, Heart disease and stroke, Healthy Babies, immunizations and tobacco.

FY16 Initiatives

Physical Activity, Nutrition and Obesity

- Obesity is a leading cause of preventable death
- Obese adults often suffer heart disease, stroke, diabetes, asthma, and arthritis
- Obesity rates have leveled off over the past few years, but more efforts are needed
- The *Governor's* 4 x 4 plan:
  - Increase healthy eating & active living
  - Policy & environmental change strategies
  - Building partnerships and coalitions

[Speaker Notes For Slide: 21]

2.4 million adults are currently obese in Michigan.
In 2013, 271,000 Michigan high school students were either overweight or obese.
The obesity rate is 30.7 % in 2014 down from 31.5% in 2013.
To reduce those rates we've established 4 x 4 Local Coalitions to implement policy and environmental change.
My administration is working with the Governor's Fitness Council on the 2016 MDHHS Director's Award application encouraging organizations to apply that have made positive physical activity and healthy eating.
We make the healthy choice easier in workplace environments across the State of Michigan by:
Promoting Designing Healthy Environments at Work (DHEW) assessment and action plans.
And by promoting the Healthy School Action Tools(HSAT) assessment and action plan –used by schools.

FY16 Initiatives

Heart Disease and Stroke

- Million Hearts® - a national program to prevent 1 million heart attacks and strokes
- Improve access to effective care
- Prevention of heart attack and stroke
- Improve use of health technology
- Identify patients with high blood pressure
- Assist patients in managing high blood pressure

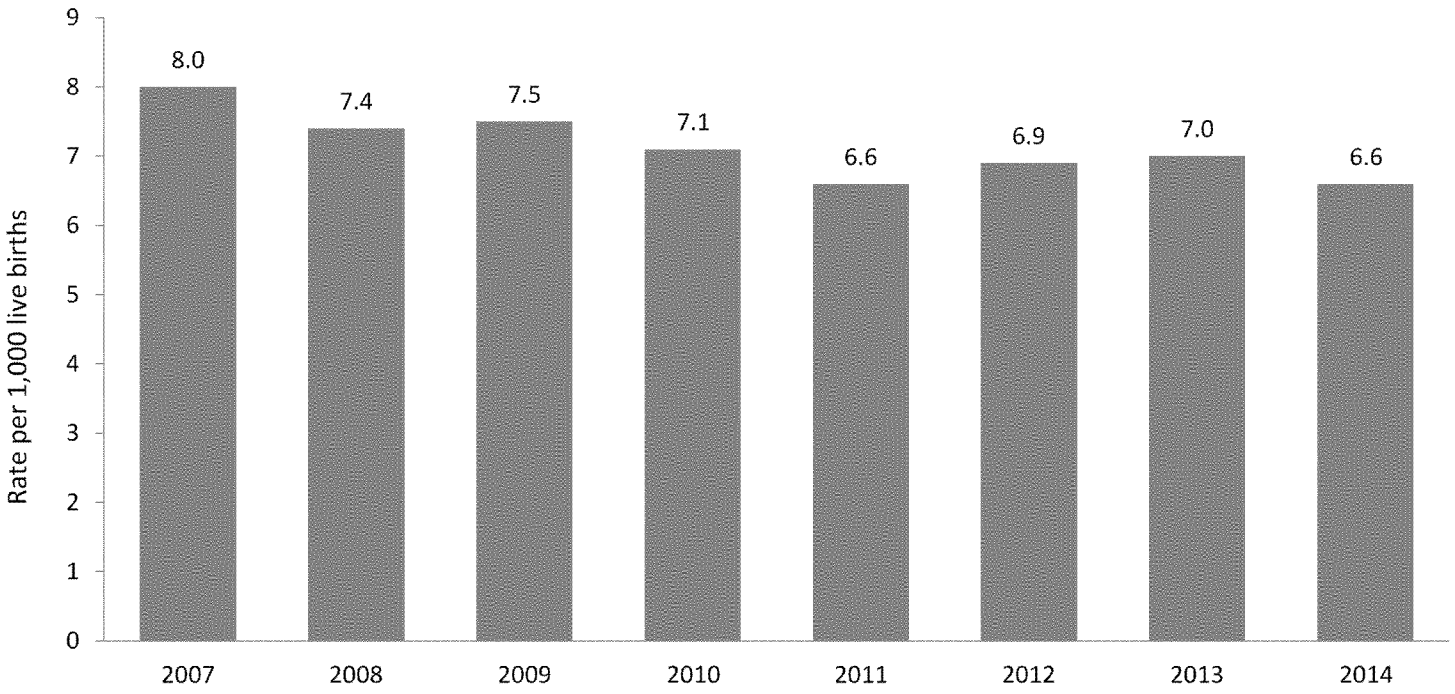

[Speaker Notes For Slide: 23]

Michigan is a Million Hearts state. Million Hearts is a national initiative to prevent one million heart attacks and strokes by 2017.
Heart disease is the number one leading cause of death in Michigan, and stroke is number four.
High blood pressure is the number one modifiable risk factor for both stroke and congestive heart failure. Those with uncontrolled hypertension are most at risk for heart attack, heart failure, stroke and kidney disease.
Other strategies include collaborating with public and private sector partners to improve use of electronic health technology and team-based care in health systems to increase identification of patients with high blood pressure and assist patients to manage high blood pressure, b) increase community-clinical linkages of resources to address hypertension control, and c) improve the quality of stroke care for patients across the entire continuum of care (i.e., before they get to the hospital, while they are in the hospital and after they leave the hospital to prevent stroke reoccurrence).

FY16 Initiatives

Healthy Babies

Figure 1. Infant Mortality Rate, Michigan, 2007-2014

Source: Michigan Resident Birth and Death files, MDHHS Division for Vital Records & Health Statistics Prepared by MDHHS MCH Epidemiology Section.

[Speaker Notes For Slide: 25]

Talking Points 1.
This rate is consistent with a decreasing overall trend. The lowest single year rate ever achieved by the state is 6.6 per 1,000 births for 2011 and 2014. The 2014 rate of 6.6 % is still provisional.

The Infant Mortality Reduction Plan emphasized 9 key strategies.
Certificate of Need requirement for Special Care Nurseries in birthing hospitals.
Collaborations with birthing hospitals:
Referrals to evidenced-based home visiting programs
Provide information and education on safe sleep practices

FY16 Initiatives

Healthy Babies

- New funding appropriated in FY2015
- Directed to 3 rural Prosperity Regions – Upper Peninsula, Northwest, and Northeast
- Local agencies are providing evidence-based home visiting services
- 15 new home visitors are trained and actively enrolling families
- All 3 regions working as a Quality Improvement collaborative - successful outreach, enrollment & retention strategies
- Services will promote participation in well-child visits & healthier outcomes

[Speaker Notes For Slide: 27]

In FY15 Across the three regions (Prosperity Regions 1, 2, and 3), the new Healthy Families America programs have already had contact with over 330 families. Of those, 162 are engaged in the enrollment process for these new programs
The funding is fully allocated this year. Once the Rural HFA programs are at full operation, we anticipate that an average of about 300 families will be served each year, across regions 1, 2 and 3.

For the first year that a home visitor is employed and trained to use the HFA model, the model requires that they have a limited case load, so we are anticipating about 225 families for this fiscal year.

--Original appropriation of $2.25 million for FY2015, reduced to $1.70 million in FY2016, with a work project to carry forward unspent funding from FY2015.
--Special project submitted for FY2017 to restore to original appropriation.
The services will facilitate healthier outcomes for the children and families involved.

Immunization

- 74% of children 19-35 months in MCIR completed recommended vaccine doses.
- 1,553,666 doses of vaccine valued at $87,526,676 distributed through Vaccine for Children Program to providers.
- 118,244,255 doses of vaccine given to 9,414,204 Michiganders now in MCIR.
- Administrative Rules amended in 2014 require education at the time a nonmedical waiver is signed. Results so far:

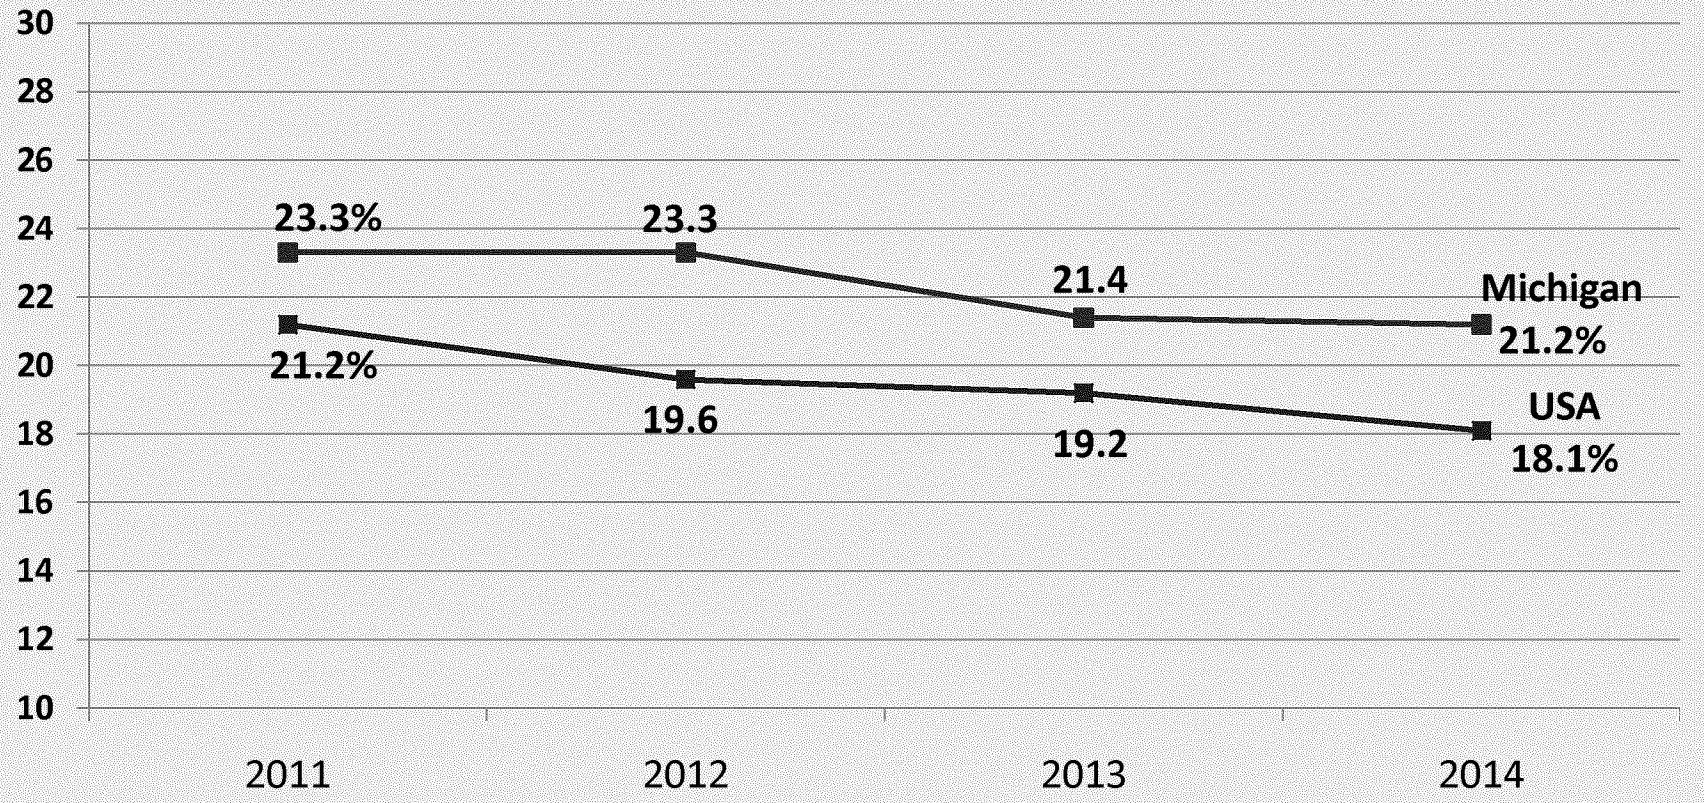

More kids are protected from vaccine-preventable diseases due to 1.80% decrease in immunization waivers.

[Speaker Notes For Slide: 29]

Michigan has a nationally recognized vaccine tracking system called the Michigan care Improvement registry. According to MCIR, 74% of young children have received all the recommended doses of vaccines – we are working hard to increase our immunizations series completion rate to over 80%.
Amended Administrative Rules went into effect in January of 2015 which required a parent requesting a nonmedical exemption for vaccinations for school or childcare entry, to meet with local health department staff to discuss their decision not to vaccinate.
This conversation is an opportunity for parents to express their concerns about vaccinations and receive the most recent information about the benefits of vaccinations for the student and the community. This rule did not take away the parents ability to sign an immunization waiver. By decreasing immunization waivers in MI we are getting more children vaccinated which protects all Michiganders.
1.80% decrease in the percentage of children receiving an immunization waiver (4.60% to 2.80%) for schools representing a 39.13% decrease in the statewide wavier rates.

Smoking Prevalence in Michigan compared to USA

[BRFSS 2011-2014]

MDHHS

[Speaker Notes For Slide: 31]

Tobacco is the leading cause of preventable death and disease in MI. As you can see from the graph the rate of adult smoking has been declining..
21.4% of MI adults in comparison to national rate of 18.1%
E cigarettes is a growing problem in our youth:
11.8% of MI high school students currently smoke cigarettes.
In 2014, e-cigarettes became the most commonly used tobacco product among youth. According to a 2016 CDC Vital Signs Report, E-cigarettes typically deliver nicotine, which at a young age may cause lasting harm to brain development, promote addiction, and lead to sustained tobacco use. surpassing conventional cigarettes. During 2011 to 2014, current e-cigarette use among high school students soared from 1.5 percent to 13.4 percent, and among middle school students from 1.6 percent to 3.9 percent. Spending on e-cigarette advertising rose from $6.4 million in 2011 to an estimated $115 million in 2014.

Community Action Agencies

Michigan CAAs provide services to
201,864 low-income individuals in 109,377 families*

Vulnerable populations served by Michigan CAAs included:

53,223
children

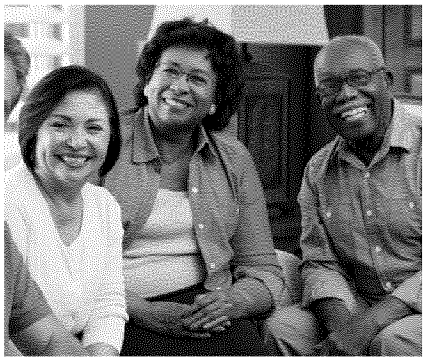

26,927
people with disabilities

12,915
people who lacked health insurance

56,727
seniors

* 2015 Community Services Block Grant Annual Report
MDHHS Bureau of Community Action & Economic Opportunity

[Speaker Notes For Slide: 33]

Within the Bureau of Community Services, Community Action is unique in its comprehensive approach to alleviating poverty. Community Action Agency's services include programs that address education, emergency services, employment, health, housing, utility assistance, weatherization assistance, linkages, income management, nutrition, and self-sufficiency.
Community Action Agencies develop community partnerships, involve low-income customers in their operations, and coordinate an array of services within their community.
As an example, Genesee County Community Action Resource Department (GCARD), made significant contributions to its community in 2015. As a first responder to the Flint Water Crisis, GCCARD provided warehousing and inventory resources for 20,000 water filters and also the coordination and distributing water filters to the public at four distribution sites. GCCARD's assistance provided 16,000 Flint residents with water filters, basic safety instructions, installations to home bound seniors, and delivery of filters to MDHHS local offices to replenish their supplies. GCCARD is currently working with the Red Cross, National Guard, MDHHS, Correction's Volunteers, United Way, and many others as this crisis has accelerated to a National Disaster.

The slide shows data from the 2015 State CSBG Factsheet for Michigan (FY2014 Data). Approximately 201,864 low-income individuals in 109,377 families were provided services addressing 645,051 indicators of movement towards self-sufficiency. The highest indicators listed in the 2015 report were addressing emergency assistance (approximately 40%) and addressing child and family development and family stability (approximately 38%). The types of indicators correlate with the population served; 53,223 children, 26,927 people with disabilities, 12,915 people who lacked health insurance, and 56,727 seniors. Nearly 72% of Head Start Children in Michigan are served through a community action agency.

Crime Victims Services Programs

Crime Victim Compensation

Last resort for unpaid medical bills, loss of earnings, burial costs, counseling needs

The Sexual Assault Forensic Exam Program, also known as S.A.F.E. Response, allows sexual assault victims to receive a forensic exam at no cost.

Crime Victim Assistance

Federal pass-through dollars to local public and non-profit agencies engaging in direct services to victims of crime through a competitive grant process

Crime Victim Rights and Assessment Revenue

Restricted funding to support Crime Victims Rights Activities

Funds Prosecuting Attorneys and Juvenile Courts

Supports mandatory notification rights of crime victims including the Michigan Crime Victims Notification Network

Provides advocate training to better assist victims

[Speaker Notes For Slide: 35]

As part of our department merger, Crime Victims Services was moved into the Bureau of Community Services.

As you can see there are three main areas: crime victims compensation, assistance for victims of crime, and crime victims rights and revenue.

Crime Victims Services– Key Initiatives

- Expand forensic nurse examiner programs to facilitate training for improved evidence collection for the prosecution of sexual assault
- Raise awareness across the state about Crime Victim Services in a major ad campaign
- Improve procedures to treat sexual assault victims and t evidence collection
- Increase the volume of victims notified of criminals' whereabouts when transferred in the county or state jail system
- Crime Victim Grants
  - Provide resources for victim advocate services in local prosecutor offices
  - Funded with Crime Victim fees

[Speaker Notes For Slide: 37]

The ad campaign features public service announcements, radio, Palace of Auburn Hills ads during Pistons games, bus skin advertisements, social media ads and messaging inside various businesses and law enforcement agencies.

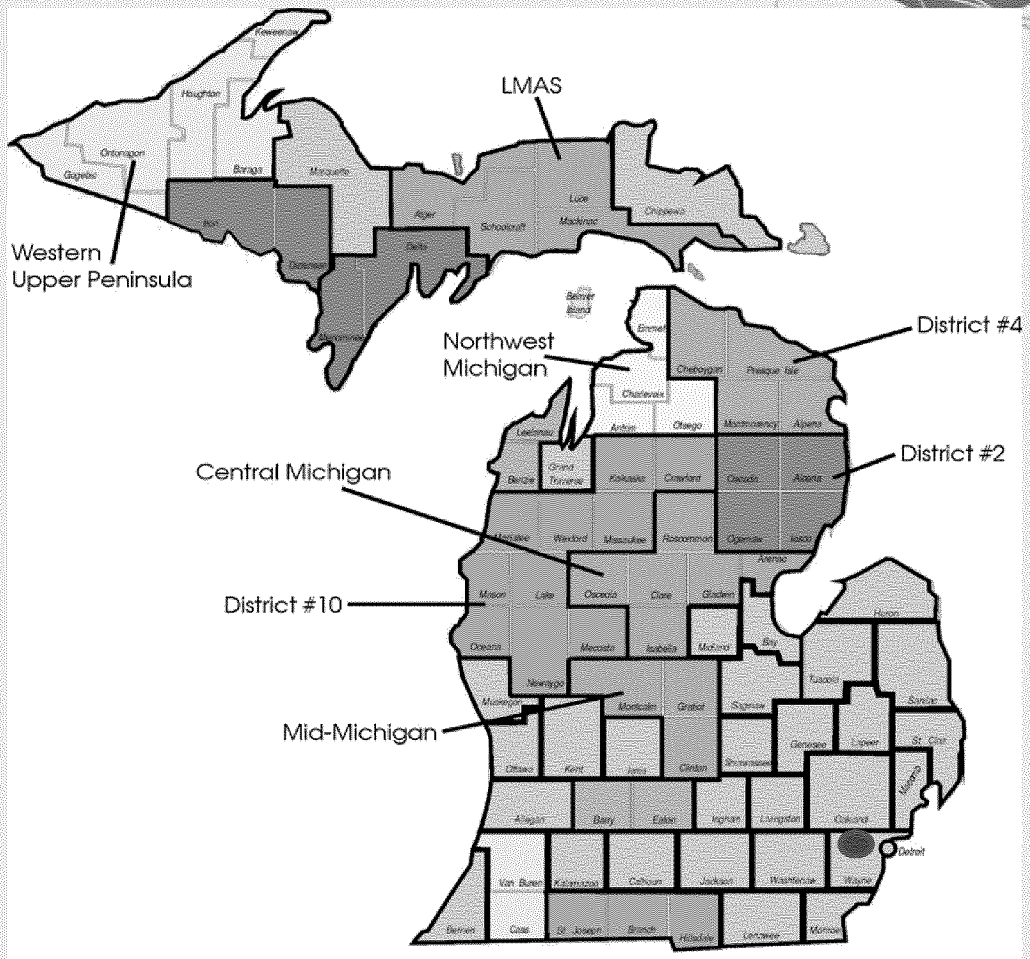

The Crime Victims Program Works with Michigan State Police, Michigan Hospital Association, Michigan State Medical Society and Michigan Nurse Association on improving procedures on the treatment of sexual assault victims and evidence collection.

Crime Victims Program also works with Department of Corrections to increase notifications of criminals locations as they are transferred to various correction facilities and when released.
Lastly, Crime Victim Services Commission recently moved to the following location: Grand Tower, suite 1113, Grand Avenue in Lansing.

Local Partners in Health

Local Health Departments
30 County
14 District
1 City

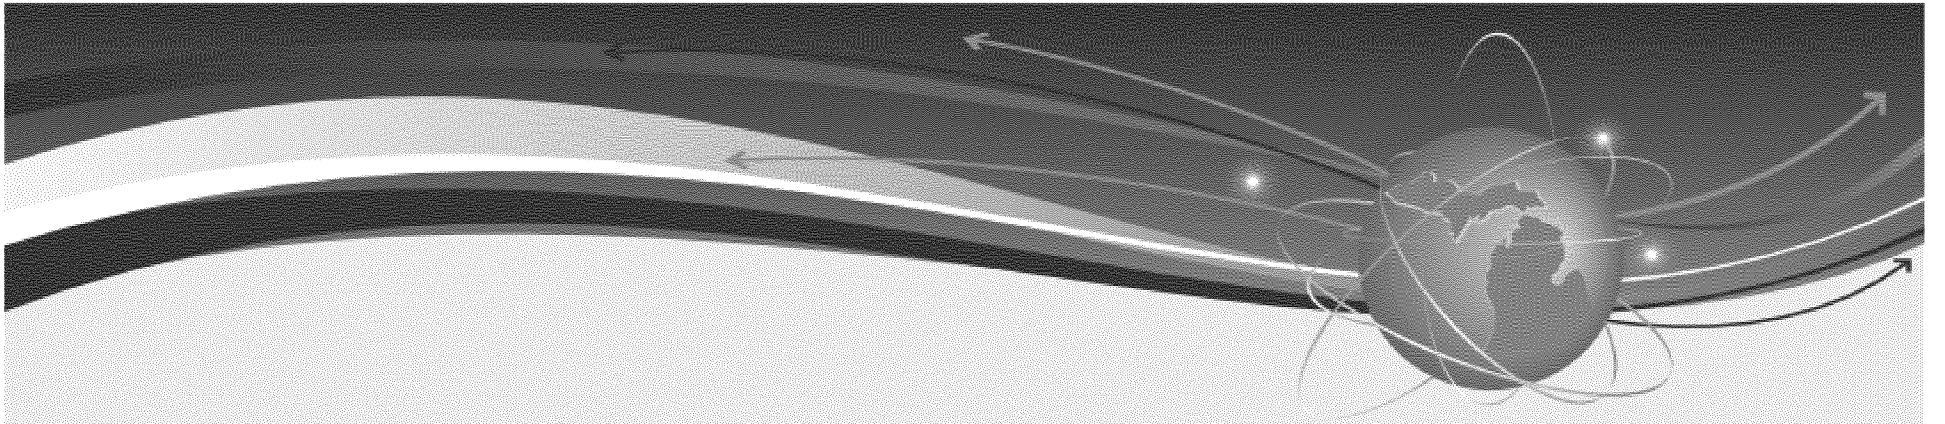

Services: ~ 5 million
Visits: ~3.6 million
Patients: ~1.4 million

[Speaker Notes For Slide: 39]

The governmental public health system in the United States is comprised of federal agencies, state health agencies, tribal and territorial health departments, and more than 2,500 local health departments. Coordination across these different levels of government is essential in assuring the public's health.
There are 45 local health departments in Michigan. Many of the health departments cover multiple counties.
Local health departments help create and maintain healthier communities– they support healthier choices in areas such as diet, exercise, and tobacco, lead efforts to prevent and reduce the effects of chronic diseases, such as diabetes and cancer, and detect and stop outbreaks of diseases like measles, tuberculosis, and foodborne illnesses.
Basic Services

- Hearing and Vision Screening
- Vaccine Delivery
- Communicable Disease Identification and Treatment
- Restaurant Inspections
- Safe Drinking Water Provision
- Family Planning Service Delivery
- Chronic Disease Prevention and Management

Governor Snyder's FY17 Recommendation

MDHHS 2017 Program Investments and Other Adjustments
(in millions)

Resources for the People of Flint

Continues programming intended to evaluate and assist those affected by lead contamination, including longer-term issues.

Provides $7.2 M Gross, $6.7 M GF/GP to:

- Support lead testing and follow up ($1.7 M Gross, $1.2 M GF/GP).
- Provide nutritional support ($5.1 M Gross, $5.1 M GF/GP).
- Provide school based initiative ($0.2 Gross, $0.2 GF/GP).
- Data/metrics ($0.2 Gross, $0.2 GF/GP).

[Speaker Notes For Slide: 43]

We'll once again be hosting a legislative breakfast along with other partners toward the end of April or early May to unveil the County Health Rankings document. This document will provide you with an in-depth look at the health status of your districts. You'll be receiving more information on this in the near future.

I'd like to thank you for your time and attention today and invite any questions you may have.

Field Operations Administration

Fiscal Year 2017

Presentation to {}
Tuesday, March 1, 2016

Terrence M. Beurer , Senior Deputy Director, Field Operations Administration
Farah Hanley, Senior Deputy Director, Financial Operations Administration

Our Guiding Principles

Mission

The Michigan Department of Health and Human Services provides opportunities, services, and programs that promote a healthy, safe, and stable environment for residents to be self-sufficient.

Vision

Develop and encourage measurable health, safety and self-sufficiency outcomes that reduce and prevent risks, promote equity, foster healthy habits, and transform the health and human services system to improve the lives of Michigan families.

MDHHS
Michigan Department of Health & Human Services
RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

Field Operations Administration (FOA)

Pursuant to the mission and vision of the Department, FOA oversees the local DHHS offices that provide:

- Food Assistance, child care, cash benefits, etc. for families and individuals in need
- Supportive Services such as employment and training

FOA is also responsible for the oversight of the following Central Office Units:

- Disability Determination Services which is responsible for determining disability eligibility for state and federal programs
- Office of Child Support which is responsible for Child Support enforcement

Flint Declaration of Emergency

- Teams of Genesee DHHS workers in conjunction with the State Emergency Operations Center have visited every home in Flint twice and we continue to purchase and make deliveries of water filters, replacement cartridges and water test kits
- Our adult services workers and other staff that make home calls take filters, replacement cartridges and test kits with them and deliver if needed
- Working to translate documents in an expedited manner for Flint
- Display prominently information of all available services in Flint in the local DHHS office lobbies and have information available for clients when we see them
- Part of the FY16 supplemental authorizes funds for 6 FTEs which will also be included in the FY17 budget. The total amount authorized is $600,000.

Merger Information

- 12 local offices have consolidated, closed or relocated since DCH and DHS merged
  - Local offices have been excited about the new opportunities presented by the movement of their office to a new location.
  - Locations report that clients have indicated how convenient it has been for them
- Currently we are merging central office locations; reviewing previous DCH field locations to be consolidated into local DHHS offices as well as reviewing our lease portfolio and community partners to determine the right course for consolidation
- Approximately $2.4 million (gross) savings has been realized
- The hiring freeze was lifted on October 27, 2015 and we have filled a total of 252 positions from that time until January 30, 2016

Pathways to Potential (1 of 2)

Goals

1. Decrease chronic absenteeism by at least 10%
2. Expand to more rural areas
3. Focus on mental health and wellness and skills-based training
4. Hire and retain qualified staff
5. Partner with districts and MDE to create and collect more meaningful metrics

Pathways to Potential (2 of 2)

Highlights

1. The **reduction** in chronic absenteeism for the 2014-15 school year was 37.23%.
2. Added 9 new counties and 20 new schools in mostly rural areas. This increases our Pathways to Potential presence to a total of 219 sights in 22 counties.
3. Continuing restorative justice and reducing barriers to learning training; AmeriCorps summer youth employment and mentoring; MCTI/MRS skills-based training for employment; integrating services at the community level to assess and map family success.

Family Independence Program

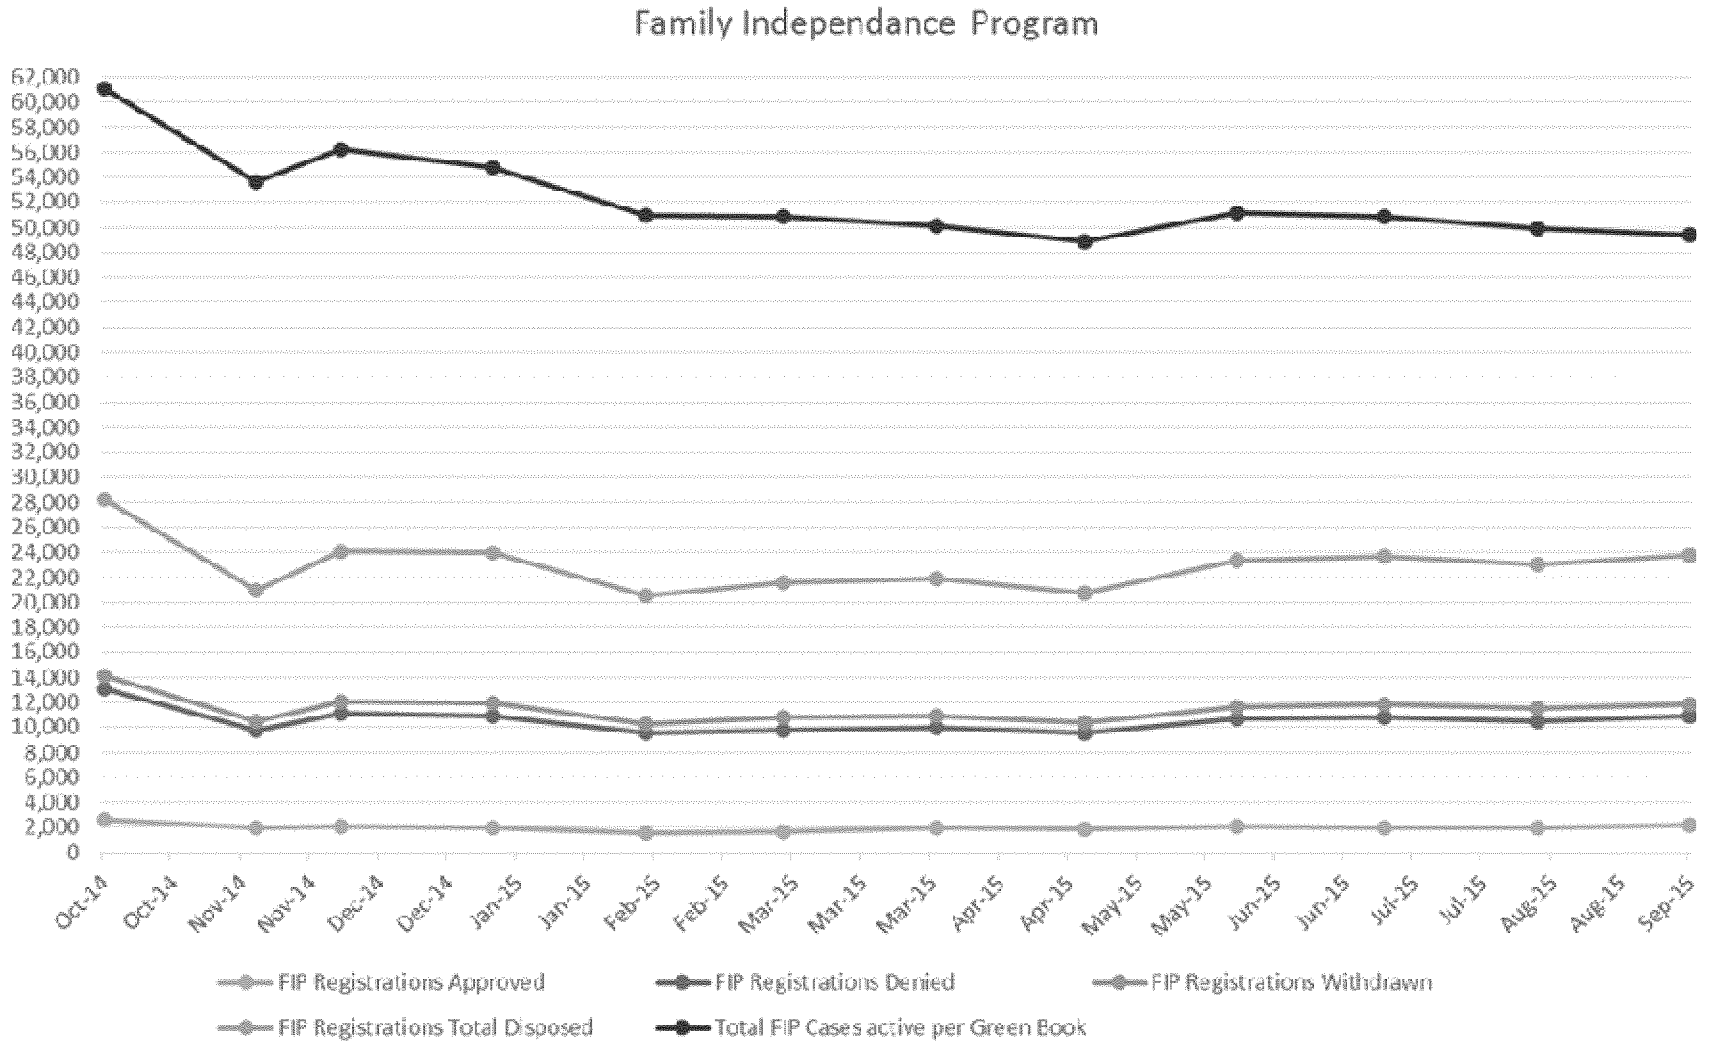

The goal of the Family Independence Program (FIP) is to help families achieve self-sufficiency and reduce dependence on public assistance. FIP provides a monthly cash assistance grant for both one-and two-parent families which:

- Help families achieve self-support and independence.
- Reduce dependence on public assistance and increase self-sufficiency.
- FIP provides a monthly cash assistance grant to assist in covering personal needs costs (clothing, household items, etc.), housing, heat, utilities and food.
- Families must meet income and asset requirements as well and other eligibility standards including (but not limited to): time on assistance, work participation requirements, school attendance and child support requirements.

Food Assistance Program

- Food Assistance Program (FAP) is a federal safety net program and benefits are 100 percent federally funded with administrative costs shared equally between the state and the federal government.

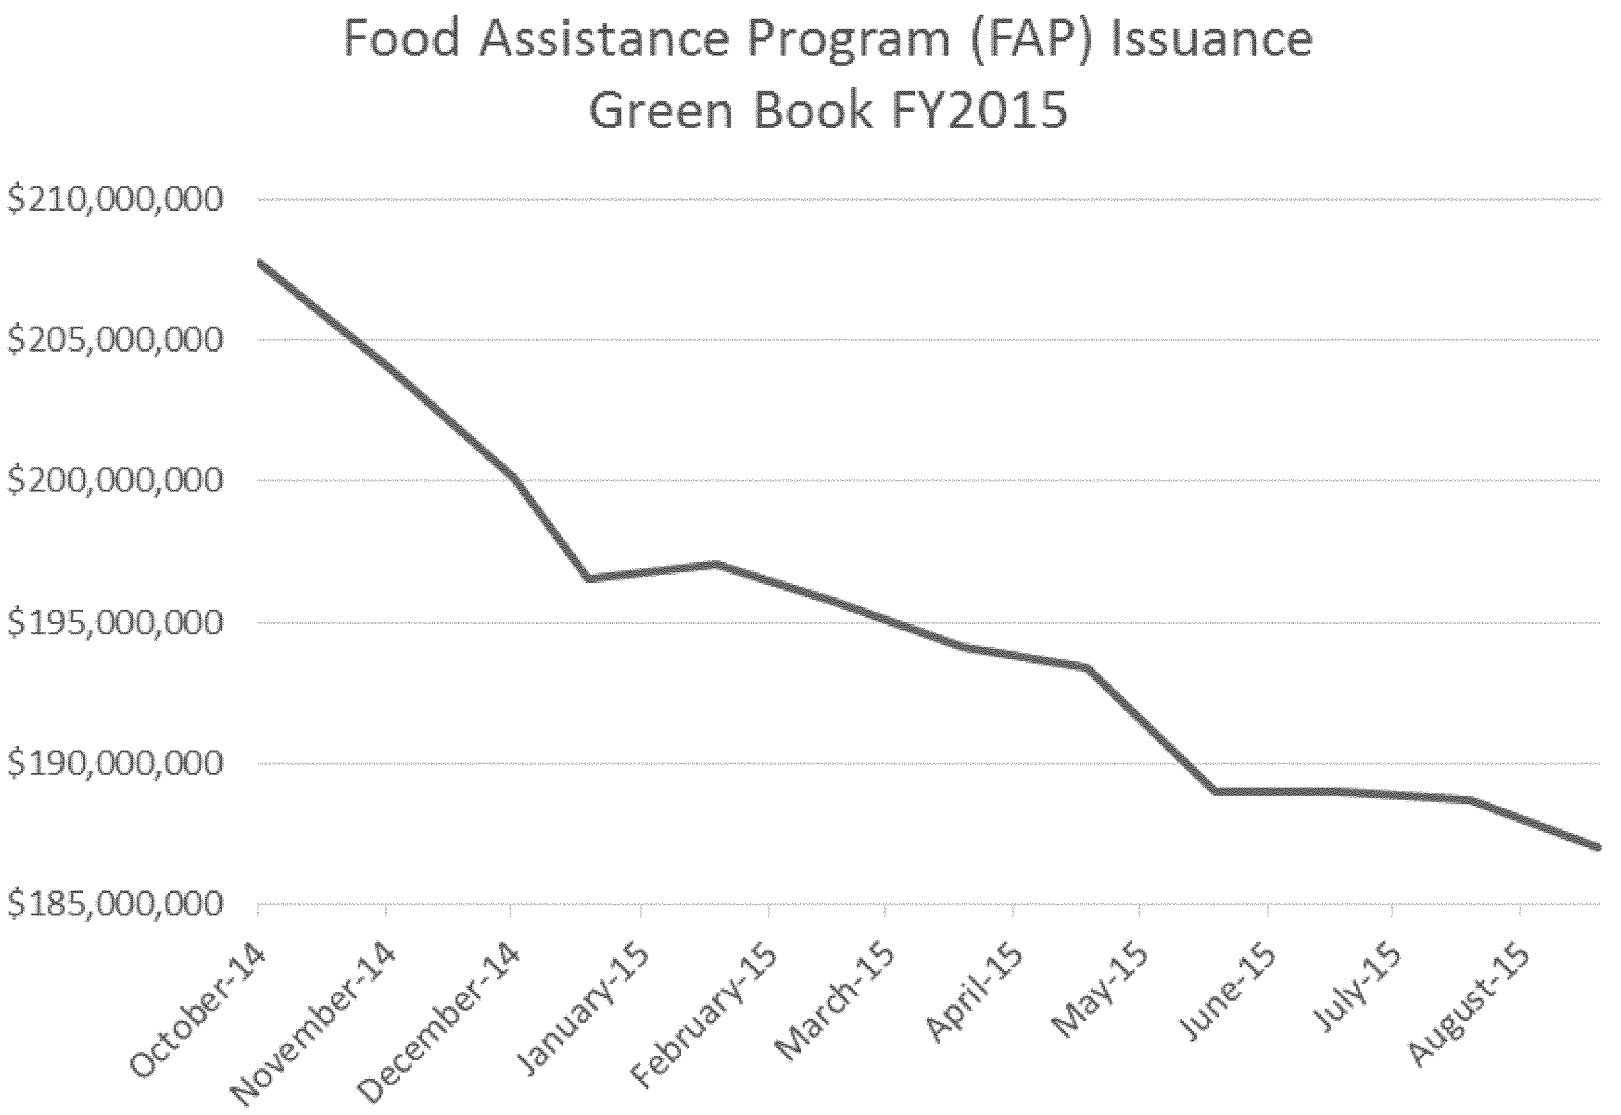

- Households are eligible for FAP benefits based on criteria such as, but not limited to: assets, net income, household size, and certain expenses.

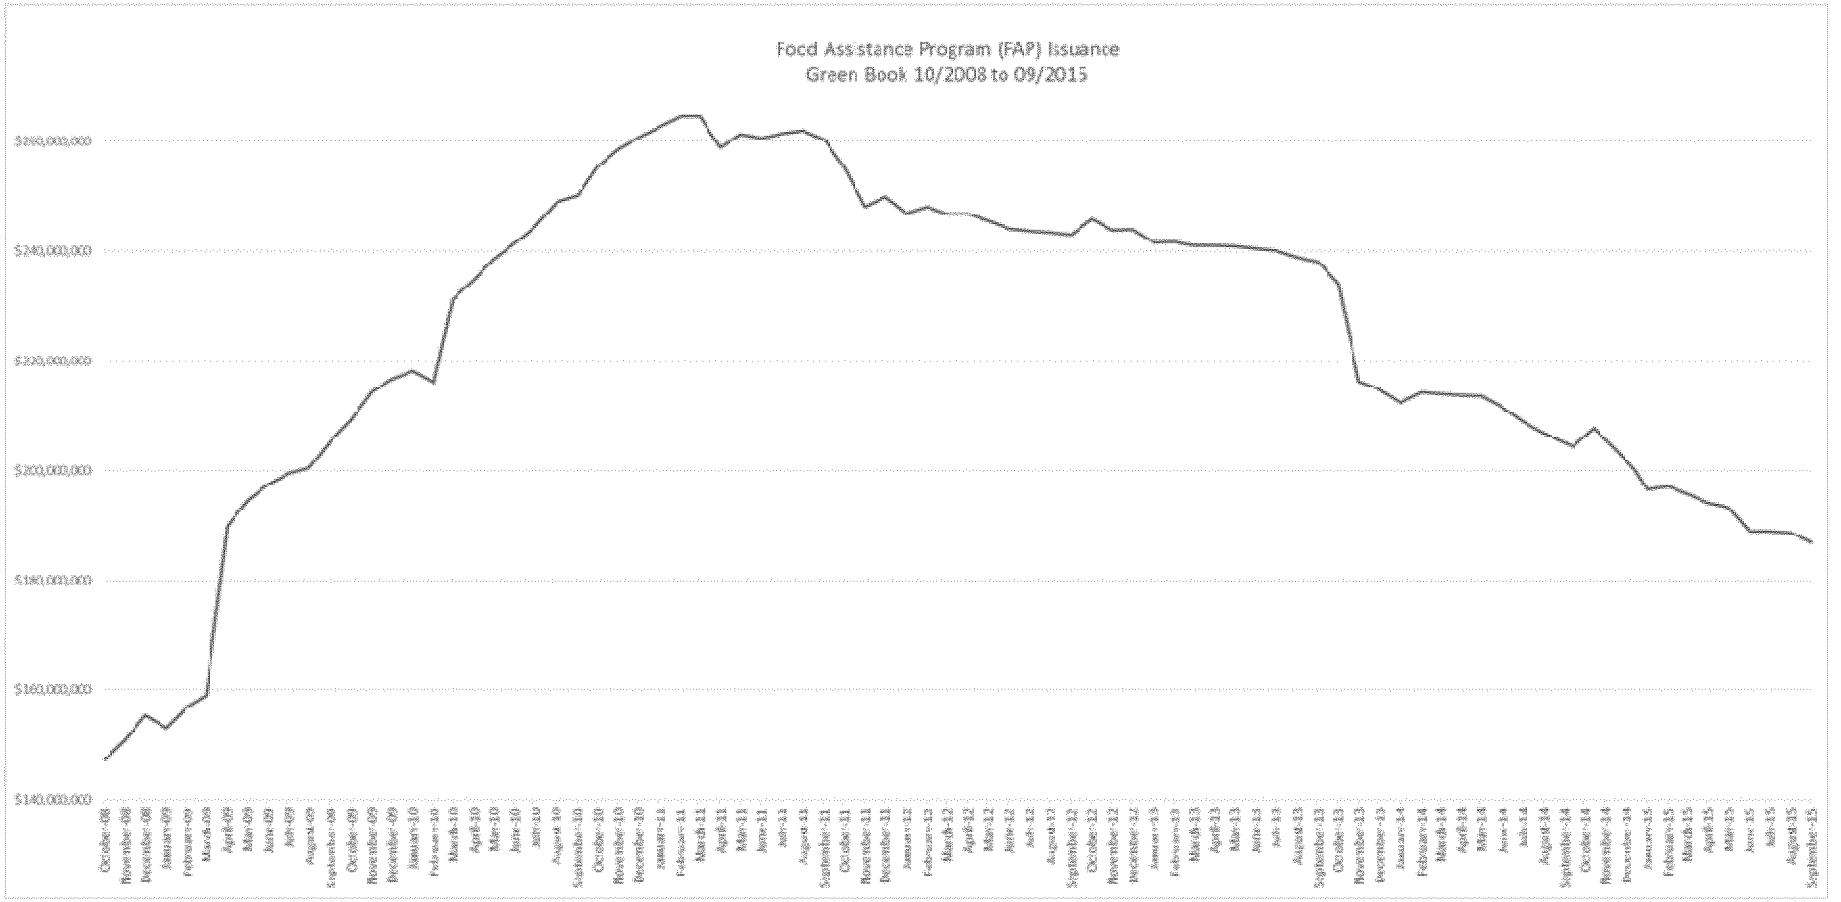

- Raise the food purchasing power of low-income persons.

Michigan's Average Caseloads

Statewide Average Caseload: **404**

Workers: 2,908

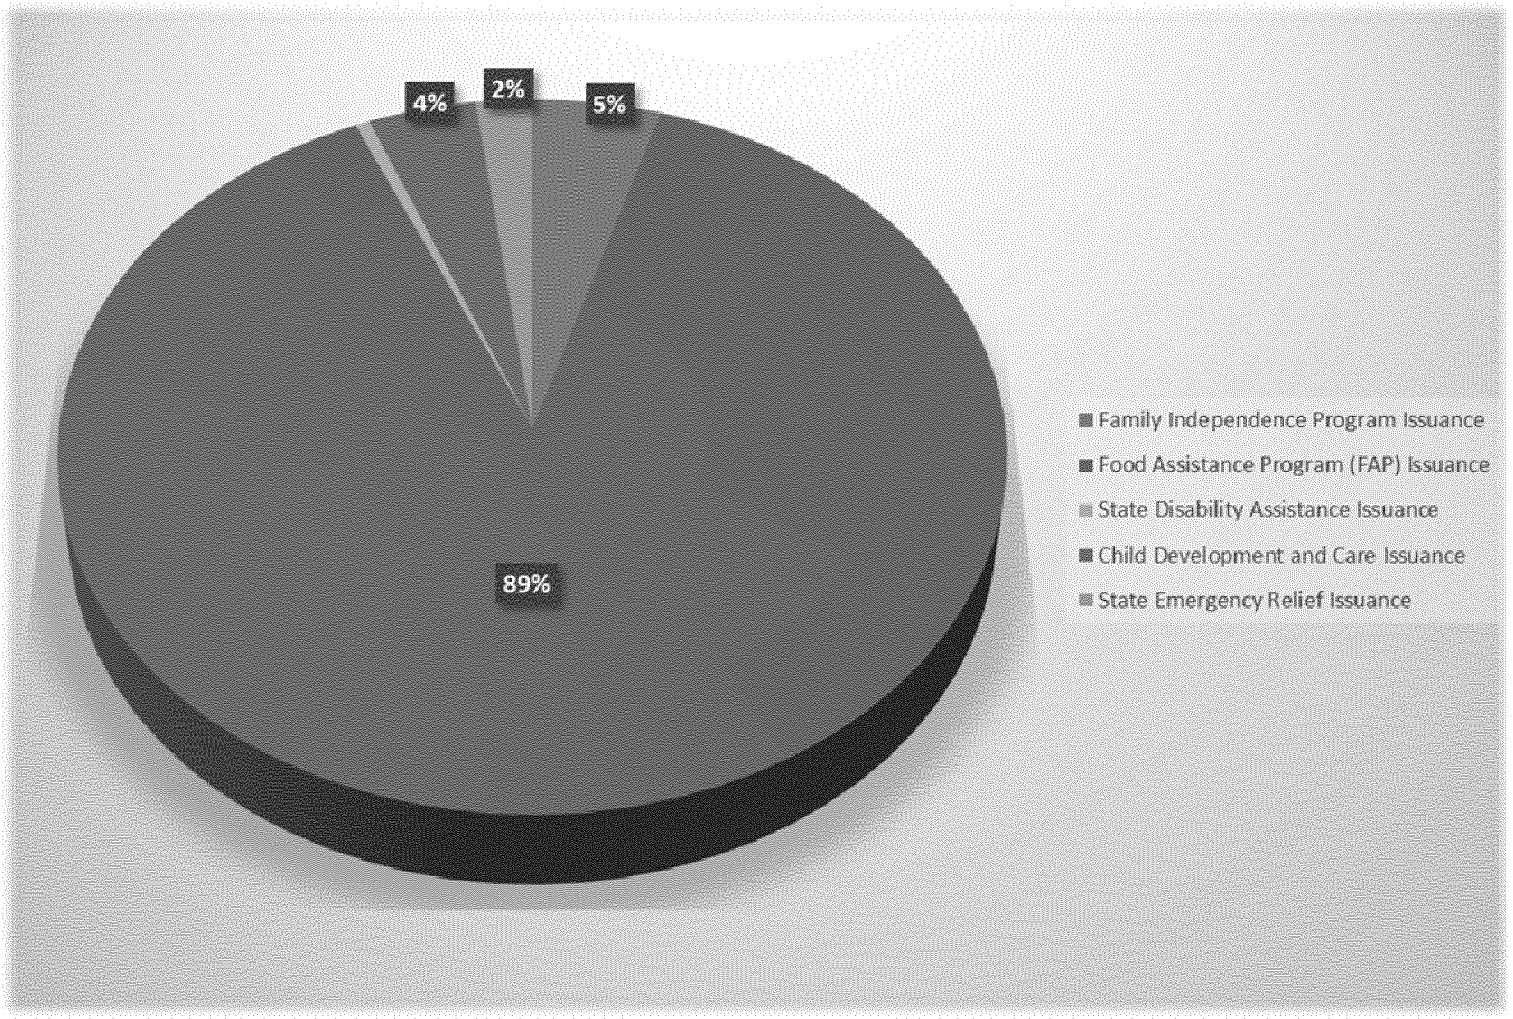

[Speaker Notes For Slide: 15]

If you are interested during time we may have available for questions, I can outline for you a vignette of the challenges of children served in these counties highlighted in blue, through the SEDW program.

NEXT SLIDE:

Vignette of Child Served in SEDW (Non Medicaid may have Commercial Insurance)
14-year-old teenage boy who has had 10 private psychiatric hospitalizations since the age of 7 when he first reported "seeing things that were not there"
Involved in outpatient therapy and psychiatric medication monitoring utilizing private insurance with no clinical improvement for many years
Out of pocket cost of psychotropic medications/copays approximately $300 a month and private insurance mental health coverage were exhausted for the year
Youth unable to attend school most of the time due to behavioral health symptoms
Supportive mother and step father but they are at the end of their rope with cycle of hospitalizations, police contacts, property destruction, self harm and aggression
Younger siblings terrified of youth's unpredictable outbursts and aggression
Youth was on probation for domestic violence and property destruction (broke family's van windows on way to hospital in a violent rage)
Youth desperately needed intensive services offered through PIHP/CMHSP not covered by private insurance (Wraparound, Home-Based Therapy using evidenced- based practices, respite, community living supports)
Family could not afford to access CMHSP services without the SED Waiver which makes children Medicaid-eligible if they meet the criteria for psychiatric hospital level of care and are one of the 33 counties who have the SED Waiver and the CMHSP has General Fund match
Outcome for child from SED Waiver- the youth accessed needed CMHSP intensive services, cycle of hospitalization stopped, regularly attending special education program at school , off probation and still safely in the family home.

Green Book FY 2015 Payment Program Issuance

Green Book- Payment Program Issuance FY 2105

- Family Independence Program Payments: $2,344,505,957
- Stated Disability Payments: $13,999,788
- Food Assistance Program Payments: $2,344,505,957
- State Emergency Relief Payments: $54,871,372
- Child Development and Care Payments: $104,995,386
- Total Payment Program Issuance: $2,643,274,798

Donated Funds Agreement Positions

- We currently have 120 executed agreements that provides a total of 152 FTEs to different contractors throughout the state
- FTEs are various worker types including Administrative Support Staff, Eligibility Specialists, Family Independence Specialists, Services Specialists and Supervision
- We continue to receive requests on a regular basis for positions
- These positions are a benefit to the both the Department and the contractor as they have a specific population that they work with which in many cases eliminates the client from having to seek services at a traditional DHHS office

State Emergency Relief (SER) Program (1 of 2)

- Provides immediate assistance for individuals facing conditions of extreme hardship or emergencies threatening health and safety
- Designed to assist low-income households that are normally able to make ends meet but have an unexpected emergency situation arise
- In maintaining the goal of self-sufficiency, providing assistance through the SER program may resolve the client's situation and eliminate the need for further assistance

[Speaker Notes For Slide: 20]

SER is not issued to resolve applicant-created emergencies. Covered services include:
• Relocation: Provides assistance with rent, security deposits and moving expenses.
• Home Ownership: House payments, property taxes, homeowner's insurance and mobile home owner's lot rent, up to a lifetime limit of $2,000, to prevent loss of a home if no other resources are available and the home will be available to provide safe, affordable shelter in the foreseeable future.
• Home Repairs: Up to a lifetime limit of $4,000 for energy-related repairs (furnace repair/replacement) and $1,500 for non-energy-related repairs, to correct unsafe conditions and to restore essential services.
• Utility Assistance: Restoration or shutoff prevention of water, sewer and cooking gas service (up to a fiscal year cap of $175) and utility deposits and reconnection fees (up to $200 per occurrence) when service is necessary to prevent serious harm.
• Burial: Payments are authorized for burial or cremation when the deceased person's estate and contributions from friends or relatives are not sufficient to pay for burial or cremation (there is a $4,000 limit on voluntary contributions from friends or relatives over and above the SER payment). MDHHS policy does not give preference to cremation or burial. It is up to the person making the funeral arrangements to make the appropriate determination for the disposition of the deceased.

State Emergency Relief (SER) Program (2 of 2)

- The following is a list of services* available through the SER program:
  - Relocation
  - Home Ownership
  - Home Repairs
  - Utility Assistance
  - Burial

*This is not inclusive of all services available through the SER program

[Speaker Notes For Slide: 22]

SER is not issued to resolve applicant-created emergencies. Covered services include:
• Relocation: Provides assistance with rent, security deposits and moving expenses.
• Home Ownership: House payments, property taxes, homeowner's insurance and mobile home owner's lot rent, up to a lifetime limit of $2,000, to prevent loss of a home if no other resources are available and the home will be available to provide safe, affordable shelter in the foreseeable future.
• Home Repairs: Up to a lifetime limit of $4,000 for energy-related repairs (furnace repair/replacement) and $1,500 for non-energy-related repairs, to correct unsafe conditions and to restore essential services.
• Utility Assistance: Restoration or shutoff prevention of water, sewer and cooking gas service (up to a fiscal year cap of $175) and utility deposits and reconnection fees (up to $200 per occurrence) when service is necessary to prevent serious harm.
• Burial: Payments are authorized for burial or cremation when the deceased person's estate and contributions from friends or relatives are not sufficient to pay for burial or cremation (there is a $4,000 limit on voluntary contributions from friends or relatives over and above the SER payment). MDHHS policy does not give preference to cremation or burial. It is up to the person making the funeral arrangements to make the appropriate determination for the disposition of the deceased.

Disability Determination Services (DDS)

- Following federal guidelines, DDS determines initial and continuing eligibility for State and Federal disability benefits:
  - Social Security Disability Insurance (SSDI)
  - Supplemental Security Income (SSI)
  - Medicaid Assistance (MA)
  - State Disability Assistance (SDA)
  - Disability retirement through the Office of Retirement Services (ORS)

[Speaker Notes For Slide: 24]

Effective July 1, 2015 DDS began full medical development of the State disability claims mentioned above. After initial case work up by the county offices and referral to DDS, a disability examiner will develop the medical case and determine disability eligibility within State standards for the program. Separation of costs between State GF and federal SSA funds are closely monitored and accounted.

Child Support Enforcement

- The Office of Child Support (OCS) is the state agency authorized to administer the federal Title IV-D child support program in Michigan. OCS
  - provides case initiation services to customers, operates the State Disbursement Unit, provides centralized enforcement services, and is responsible for policy development and training.
  - in conjunction with the Department of Technology, Management and Budget (DTMB), operates and maintains the statewide Michigan Child Support Enforcement System (MiCSES).
  - contracts with Friends of the Court (FOC) and county Prosecuting Attorneys (PA) to provide Title IV-D child support services including locating parents, establishing paternity, and establishing and enforcing support orders.

- Disbursed Collections: $1.36 billion in fiscal year 2015, including: $43.5M recovered for TANF/IV-E $43.6M recovered for Medicaid and $1.237 billion paid to families. Approximately $5.78 for each dollar spent on the program.

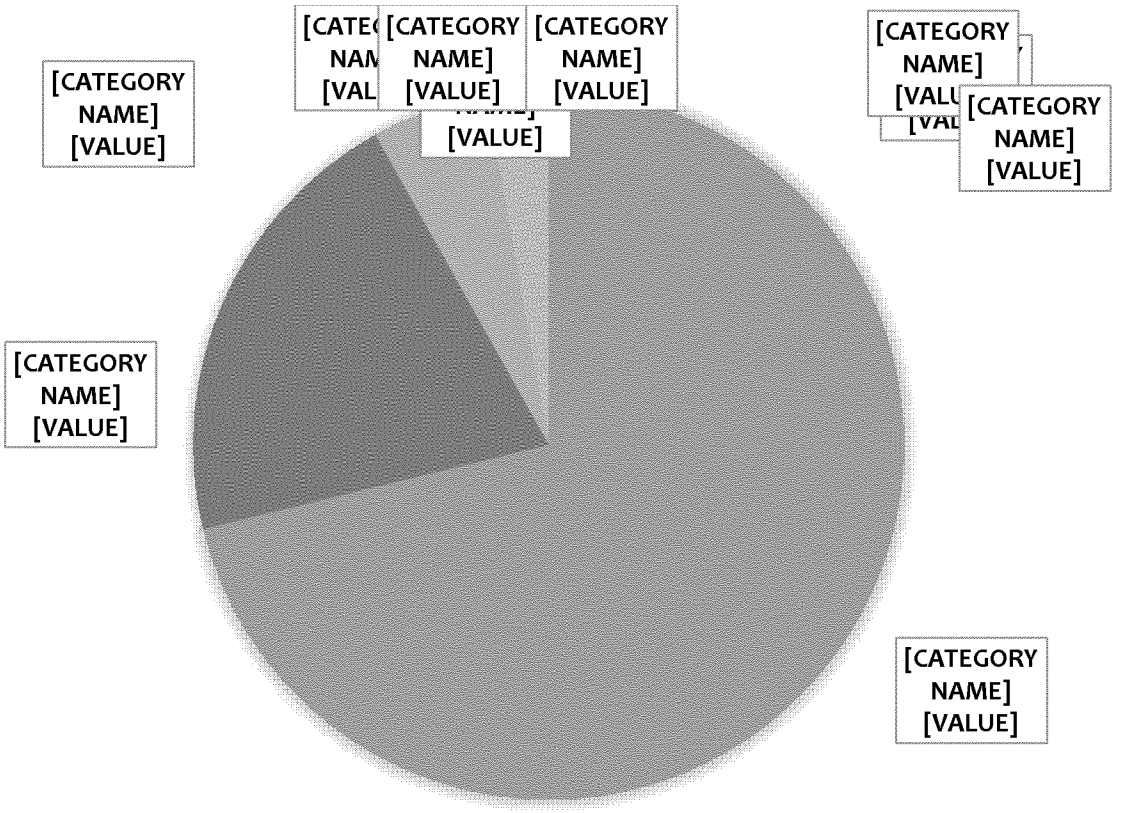

- Players: OCS support specialists and centralized support, Michigan State Disbursement Unit, county PA offices, county FOC offices, State Court Administrative Office (SCAO), State of MI Attorney General's Office.

- Child Support Strategy (strategic plan)
  - Vision: Engage parents to improve children's lives
  - Mission: To achieve the permanent well-being and self-sufficiency of children and families
  - Goals: Case Processing, Collections, Customer Service, Teamwork, Healthy family relationships, Funding and Technology

Michigan's Average Caseloads

Statewide Average Caseload: **404**

Workers: 2,908

MDHHS Michigan Department of Health & Human Services

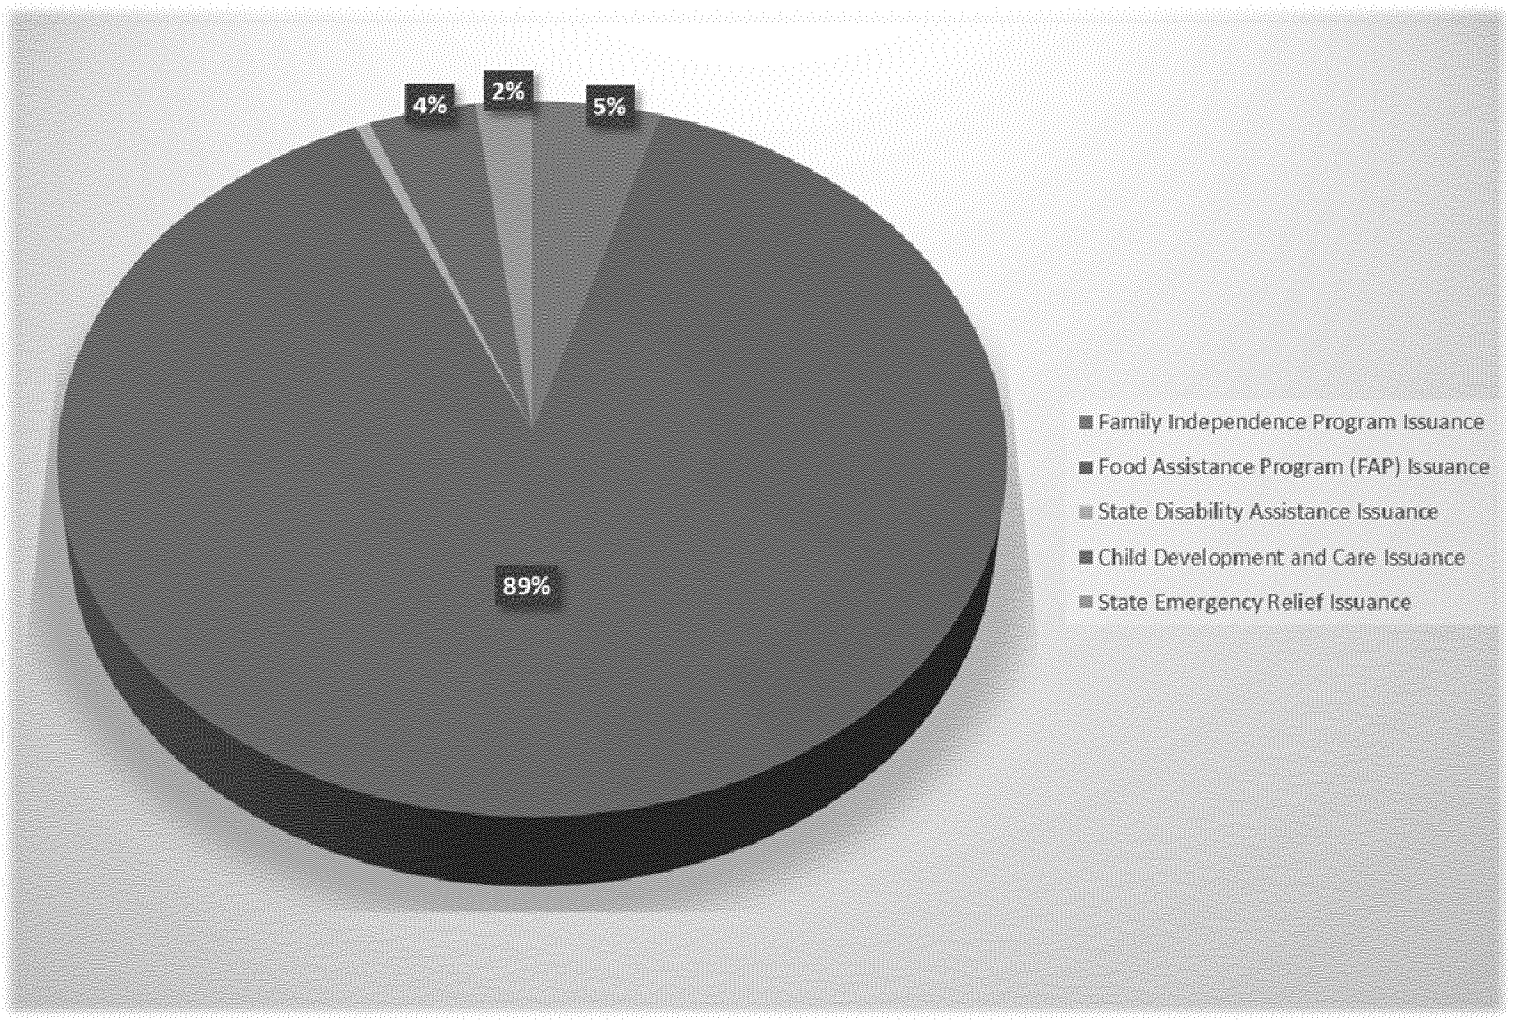

[Speaker Notes For Slide: 15]

If you are interested during time we may have available for questions, I can outline for you a vignette of the challenges of children served in these counties highlighted in blue, through the SEDW program.

NEXT SLIDE:

Vignette of Child Served in SEDW (Non Medicaid may have Commercial Insurance)
14-year-old teenage boy who has had 10 private psychiatric hospitalizations since the age of 7 when he first reported "seeing things that were not there"
Involved in outpatient therapy and psychiatric medication monitoring utilizing private insurance with no clinical improvement for many years
Out of pocket cost of psychotropic medications/copays approximately $300 a month and private insurance mental health coverage were exhausted for the year
Youth unable to attend school most of the time due to behavioral health symptoms
Supportive mother and step father but they are at the end of their rope with cycle of hospitalizations, police contacts, property destruction, self harm and aggression
Younger siblings terrified of youth's unpredictable outbursts and aggression
Youth was on probation for domestic violence and property destruction (broke family's van windows on way to hospital in a violent rage)
Youth desperately needed intensive services offered through PIHP/CMHSP not covered by private insurance (Wraparound, Home-Based Therapy using evidenced- based practices, respite, community living supports)
Family could not afford to access CMHSP services without the SED Waiver which makes children Medicaid-eligible if they meet the criteria for psychiatric hospital level of care and are one of the 33 counties who have the SED Waiver and the CMHSP has General Fund match
Outcome for child from SED Waiver- the youth accessed needed CMHSP intensive services, cycle of hospitalization stopped, regularly attending special education program at school , off probation and still safely in the family home.

Green Book FY 2015 Payment Program Issuance

Green Book- Payment Program Issuance FY 2105

- Family Independence Program Payments: $2,344,505,957
- Stated Disability Payments: $13,999,788
- Food Assistance Program Payments: $2,344,505,957
- State Emergency Relief Payments: $54,871,372
- Child Development and Care Payments: $104,995,386
- Total Payment Program Issuance: $2,643,274,798

Donated Funds Agreement Positions

- We currently have 120 executed agreements that provides a total of 152 FTEs to different contractors throughout the state
- FTEs are various worker types including Administrative Support Staff, Eligibility Specialists, Family Independence Specialists, Services Specialists and Supervision
- We continue to receive requests on a regular basis for positions
- These positions are a benefit to the both the Department and the contractor as they have a specific population that they work with which in many cases eliminates the client from having to seek services at a traditional DHHS office

State Emergency Relief (SER) Program (1 of 2)

- Provides immediate assistance for individuals facing conditions of extreme hardship or emergencies threatening health and safety
- Designed to assist low-income households that are normally able to make ends meet but have an unexpected emergency situation arise
- In maintaining the goal of self-sufficiency, providing assistance through the SER program may resolve the client's situation and eliminate the need for further assistance

[Speaker Notes For Slide: 20]

SER is not issued to resolve applicant-created emergencies. Covered services include:
• Relocation: Provides assistance with rent, security deposits and moving expenses.
• Home Ownership: House payments, property taxes, homeowner's insurance and mobile home owner's lot rent, up to a lifetime limit of $2,000, to prevent loss of a home if no other resources are available and the home will be available to provide safe, affordable shelter in the foreseeable future.
• Home Repairs: Up to a lifetime limit of $4,000 for energy-related repairs (furnace repair/replacement) and $1,500 for non-energy-related repairs, to correct unsafe conditions and to restore essential services.
• Utility Assistance: Restoration or shutoff prevention of water, sewer and cooking gas service (up to a fiscal year cap of $175) and utility deposits and reconnection fees (up to $200 per occurrence) when service is necessary to prevent serious harm.
• Burial: Payments are authorized for burial or cremation when the deceased person's estate and contributions from friends or relatives are not sufficient to pay for burial or cremation (there is a $4,000 limit on voluntary contributions from friends or relatives over and above the SER payment). MDHHS policy does not give preference to cremation or burial. It is up to the person making the funeral arrangements to make the appropriate determination for the disposition of the deceased.

State Emergency Relief (SER) Program (2 of 2)

- The following is a list of services* available through the SER program:
  - Relocation
  - Home Ownership
  - Home Repairs
  - Utility Assistance
  - Burial

*This is not inclusive of all services available through the SER program

[Speaker Notes For Slide: 22]

SER is not issued to resolve applicant-created emergencies. Covered services include:
• Relocation: Provides assistance with rent, security deposits and moving expenses.
• Home Ownership: House payments, property taxes, homeowner's insurance and mobile home owner's lot rent, up to a lifetime limit of $2,000, to prevent loss of a home if no other resources are available and the home will be available to provide safe, affordable shelter in the foreseeable future.
• Home Repairs: Up to a lifetime limit of $4,000 for energy-related repairs (furnace repair/replacement) and $1,500 for non-energy-related repairs, to correct unsafe conditions and to restore essential services.
• Utility Assistance: Restoration or shutoff prevention of water, sewer and cooking gas service (up to a fiscal year cap of $175) and utility deposits and reconnection fees (up to $200 per occurrence) when service is necessary to prevent serious harm.
• Burial: Payments are authorized for burial or cremation when the deceased person's estate and contributions from friends or relatives are not sufficient to pay for burial or cremation (there is a $4,000 limit on voluntary contributions from friends or relatives over and above the SER payment). MDHHS policy does not give preference to cremation or burial. It is up to the person making the funeral arrangements to make the appropriate determination for the disposition of the deceased.

Disability Determination Services (DDS)

- Following federal guidelines, DDS determines initial and continuing eligibility for State and Federal disability benefits:
  - Social Security Disability Insurance (SSDI)
  - Supplemental Security Income (SSI)
  - Medicaid Assistance (MA)
  - State Disability Assistance (SDA)
  - Disability retirement through the Office of Retirement Services (ORS)

[Speaker Notes For Slide: 24]

Effective July 1, 2015 DDS began full medical development of the State disability claims mentioned above. After initial case work up by the county offices and referral to DDS, a disability examiner will develop the medical case and determine disability eligibility within State standards for the program. Separation of costs between State GF and federal SSA funds are closely monitored and accounted.

Child Support Enforcement

- The Office of Child Support (OCS) is the state agency authorized to administer the federal Title IV-D child support program in Michigan. OCS
  - provides case initiation services to customers, operates the State Disbursement Unit, provides centralized enforcement services, and is responsible for policy development and training.
  - in conjunction with the Department of Technology, Management and Budget (DTMB), operates and maintains the statewide Michigan Child Support Enforcement System (MiCSES).
  - contracts with Friends of the Court (FOC) and county Prosecuting Attorneys (PA) to provide Title IV-D child support services including locating parents, establishing paternity, and establishing and enforcing support orders.

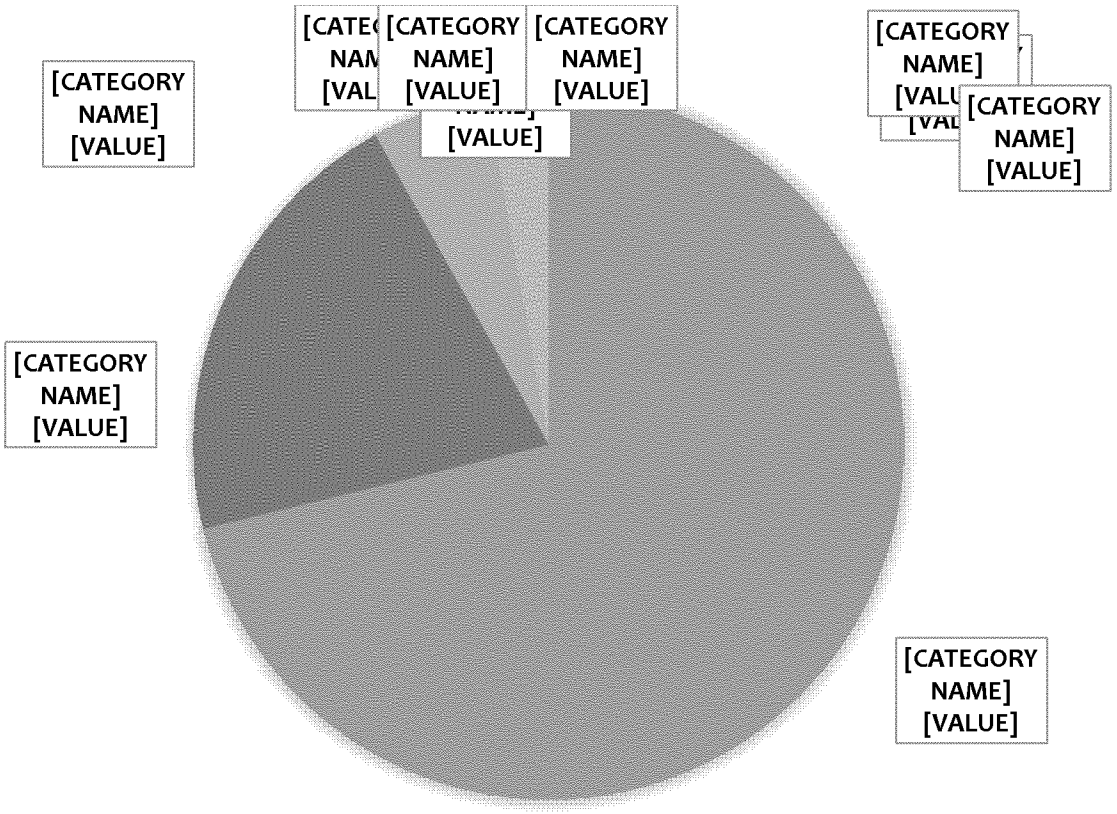

- Disbursed Collections: $1.36 billion in fiscal year 2015, including: $43.5M recovered for TANF/IV-E $43.6M recovered for Medicaid and $1.237 billion paid to families. Approximately $5.78 for each dollar spent on the program.

- Players: OCS support specialists and centralized support, Michigan State Disbursement Unit, county PA offices, county FOC offices, State Court Administrative Office (SCAO), State of MI Attorney General's Office.

- Child Support Strategy (strategic plan)
  - Vision: Engage parents to improve children's lives
  - Mission: To achieve the permanent well-being and self-sufficiency of children and families
  - Goals: Case Processing, Collections, Customer Service, Teamwork, Healthy family relationships, Funding and Technology

(OTHER USEFUL LINKS TO BE UPDATED BY LEGISLATIVE OFFICE)

[Speaker Notes For Slide: 31]

We'll once again be hosting a legislative breakfast along with other partners toward the end of April in the Capitol View Building to unveil the County Health Rankings document. This document will provide you with an in-depth look at the health status of your districts. You'll be receiving more information on this in the near future.

I'd like to thank you for your time and attention today and invite any questions you may have.

Stakeholders Meeting

January 26, 2016

Children's Services Administration, Steve Yager

- Identify each child under DHHS care and supervision in a placement utilizing Flint water—complete.
- Contact each provider home and verify the use of appropriate filter or bottled water—complete.
- Complete an on-site visit to each provider home to verify the presence and use of a filter or bottled water and ensure appropriate supplies—in process.
- Complete water testing in each provider home—in process.
- Issue instructions/communication to all providers regarding expectation for safe water at all times—in process.
- Issue instructions/communication to all Child Caring Institutions and Child Placing Agencies regarding expectation for safe water at all times—in process.
- Obtain blood testing for all children under the age of 6 who are under the care and supervision of DHHS and ensure appropriate follow-up treatment/services—Target completion 3/21/2016.
- Identify each child either currently or formerly under the care and supervision of DHHS that were placed at any time after 4/2014 up to 1/15/2016. For those still under the care and supervision of DHHS, pursue blood testing for all children under the age of 6 and for those who have left care, notify the appropriate person responsible and provide all necessary information. Identification—complete. Notice and testing in process.
- CPS workers will ensure safe water in all homes encountered as a function of a CPS investigation or ongoing service case—in process.
- Provide filter cartridges to all providers as needed—ongoing.
- Tracking of each contact and action step—ongoing.

Field Operations Administration, Terry Beurer

- Teams of Genesee DHHS workers along with Michigan State Police have visited every home in Flint twice

- We continue to deliver and make purchases of water filters, replacement cartridges and water test kits

- Our adult services workers and other staff that make home calls take filters, replacement cartridges and test kits with them and deliver if needed

- Working with LARA/MONA to translate documents in an expedited manner for Flint

- Have information available for clients when we see them of available services in Flint

- Display prominently information of available services in Flint

Behavioral Health and Development Disabilities, Lynda Zeller

- Farah, Tim and Nick covered a lot of the points I was going to make. Supported by supplemental: expansion of targeted case management, coordination, and therapies beyond the typical CMH population of children with developmental disabilities and serious emotional disturbance.

- Greatest need locally is the critical need for psychological first aid for the broad community to deal with fear and anxiety, as well as to reinforce important information. This is the most critical and urgent need stated by the CMH system today (Genesee Health system)

- Additionally, we have made a specific ask from SAMSHA (feds—Substance Abuse and Mental Health Administration) for direct assistance in three areas: rapid cycle needs assessment; a response and recovery action plan with immediate, mid and long range action items to meet needs; and immediate help on messaging to address population fear, anxiety and anger. It is assumed there will be three experts on site in Flint from SAMSHA to assist, working closely with Jody Lewis and Dr. Scott, who are working with local community.

- Questions about maximizing use of peer workforce (community health navigators and peers in mental health and addiction recovery)/ supporting this is something the local CMH already does and that Medicaid Health Plans are increasingly promoting and patient centered medical homes are promoting.

- Responded to a question about unique facility based concerns, and made note of the school for persons who are deaf and hard of hearing as one that we are working specifically to make sure those needs are met, as well as the

undocumented children and residential facilities for children in particular. A question was raised if we will be publishing materials in braille and making otherwise available to various languages and the deaf and hard of hearing community. The answer is yes.

Subject: RE: Flint Water Update
Importance: High

Yes! Sounds like Chris made this suggestion already to Tom and we're going to do that. Adding Tom to the conversation.

Tom / Chris or whomever is updating the voucher – Please send all what the latest looks like.

No vouchers will be printed yet until we get confirmation from the DHHS front office.

Farah

Should the water filter specs be included in the voucher (NSF Certified, ANSI 53 compliant), to aid stores in providing compliant products?

Subject: Flint Water Update
Importance: High

I am adding everyone from DHHS, DTMB, and DEQ who I understand is helping out with the Flint Water issue to this email so we can all be on the same page. Please forward this email to anyone you believe needs to be in the loop so we can get all-hands-on-deck.

Here is the latest:

1. We will move forward with the vouchers to be distributed at local county offices for DHHS clients only. DHHS Purchasing is going to reach out to DTMB to help us make copies of water marked, colored and other authentic detailed documents to get out to local offices as soon as possible. We will figure out costs and DTMB charges to DHHS later.
    a. Latest change : From a budget/accounting perspective, we will not receive $1 million from DEQ for this purpose. The $1 million from DEQ will be for item #2. Instead, for this purpose, funding will come from a work project that our budget office will advance to SBO. Our budget office is working on that now.

2. There is now a new thing we will do to address the broader population - NON-DHHS or DHHS clients - per the DHHS and DEQ front offices. DHHS will work with DTMB to get water filters to the Community Action Agency in Genesee county to distribute. This will be paid for with the $1 million DHHS will receive from DEQ.

This is the plan for now. Elizabeth – Please confirm have this right.

Everyone is encouraged to ask questions. Sorry for including so many people but the left hand needs to know what the right hand is doing here.

Thanks

Medicaid and Special Processing Unit
Meeting Agenda

February 17, 2016
1:00 p.m.

Meeting Facilitator: Amy Hundley

Attendees: Michelle Best, Beth Harrison, Karen Golejewski, Jeff Marsh, Nancy Scharrer, Kathy Cornell, Jessica Kosloski, Sherri Johnson

Absent: Candy Calvert, Chris George

I. Roundtable
- Introduction of Sherri Johnson who will be covering for Jessica's leave
- Sherri's email: JohnsonS88@michigan.gov

II. Project Intake Process
- New Business Integration Center
  - Project intake request
  - BIC
  - Streamline Process
- Eligibility Program Management Office
  - Bridges
  - BSI
    - Work is prioritized
    - Idea is to work together as a team to get the job done

III. Other
- Contact has been made with Turbo Tax and there is no plan for any auto produced forms that will result in clients contact with MDHHS.
- Disaster Relief FAP-has been created in Bridge. Federal relief request was made regarding Flint Water and FNS has to decide how Flint can use the relief money.
- Anticipated unit name change will be from Medicaid and Central Processing Division to Operational Support. This name better reflects the roles that this division handles under the new department structure.
- Medicaid Policy's name has been changed to Medicaid Operations

DO YOU RECEIVE "PLAN FIRST!" ?

(Medicaid family planning coverage)

The Plan First! program is ending.
But you may be eligible for full Medicaid coverage.

DHHS needs your current mailing address and phone number.

DEPARTMENT OF HEALTH AND HUMAN SERVICES WORK RULES:
Effective February 1, 2016

The purpose of work rules is to set standards of behavior that the Department of Health and Human Services (MDHHS) expects of all employees. Violation of work rules may lead to counseling or disciplinary action, which may range from reprimands through discharge. Although disciplinary action will normally be progressive in nature nothing in these work rules prohibits or limits the Department's right to invoke a penalty proportionate to the seriousness of an individual incident or situation. The following list of work rules serves to provide examples of situations for which an employee might be counseled or disciplined. Employees are also responsible for complying with Civil Service Rules which are found at the Civil Service web site. The Department's work rules have two sections: Section I Misconduct and Section II Recipient Rights/Mental Health Code Violations. Section I applies to all employees of MDHHS. Section II only applies to MDHHS Hospitals and Centers employees.

Section I - Misconduct

1. Neglect of duty.

2. Failure to comply, enforce or observe rules/policies/regulations/procedures.

3. Failure to meet acceptable attire or grooming standards. Acceptable attire or grooming may vary according to working conditions, job duties and contact with others.

   Explanation: Employees are responsible for adherence to the local office grooming and attire policy. Failure to conform may result in the employee being sent home to change. Repeated incidents may result in charging the absence to annual leave and/or lost time.

4. Actual or attempted falsification of records or reports.

   Examples of falsification include but are not limited to:
   - Knowingly provides false information or omitting pertinent information on an employment application, or on other required paperwork, including time reports, travel vouchers and requests for reimbursement of costs.
   - Providing falsified or altered medical statements or other documents required to support of a medical leave or use of sick or annual leave.
   - Falsifying, altering or destroying work related records including medical documentation of a recipient or client.
   - Documenting, indicating or stating required case actions were completed when they were not completed.
   - Documenting home calls, phone calls or in person visits that never occurred.
   - Indicating that certain required actions were completed when they were not.
   - Deliberately recording inaccurate names, addresses, dates or other information.
   - Changing information on any electronic data base system without proper documentation, computations or appropriate actions being completed, sometimes accomplished through a "computer review."

A computer review includes: Changing a review date or other eligibility authorization document and entering or causing the information to be entered into a MDHHS computer authorization system without having obtained proper documentation. For example, changing the date one month so that the case does not appear on statistical reports as overdue for review. Entering the appropriate date and information without the proper processing of documents. Processing a review on a MDHHS computer authorization system as complete when the worker never saw or interviewed the client, and/or has no documentation to support the review. Filling out registrations for the purpose of preventing applications from going overdue.

5. Improper release of confidential information.

   Explanation: Unauthorized use, review, release, copying, or otherwise divulging of work related confidential information, reports, records, charts, or data is strictly prohibited. Confidential information may include not only Department client and recipient information but also could include proprietary or protected system or data information. It should be noted that the Department has State and Federal statutes, regulations and policies related to the safeguarding of client and recipient information. Compliance with these applicable laws is expected and failure to adhere to applicable laws may not only be a violation of these work rules but in some instances could be a criminal act or an act that has potential civil liabilities.

   Improper release is not limited to the physical sharing of documents but could also be an employee telling the details of any case to a person has no business reason to hear such information or posting statements or pictures on social media sites or other internet site that identifies or could identify an individual as a client or recipient of the Department of Health and Human Services.

6. Supplemental employment without or beyond the scope of departmental authorization.

7. Use of on-duty time to conduct personal or non-State business.

8. Involvement in a conflict of interest situation, or failure to properly report possible conflict of interest situations.

   Explanation: Employees must not accept from a client, recipient or business, any gift, loan or special favor consistent with Civil Service Commission (CSC) Rules and all state employees are responsible to review and comply with CSC R 2-8 Ethical Standards of Conduct. Similarly, employees are prohibited from offering gifts, loans or special favors requiring some form of reciprocity or that might actually result in substantial favoritism to selected individuals or organizations. If you knowingly intend to employ a former recipient in any capacity or intend to sell or rent property to a former recipient you must provide full details to the Human Resource Office, or in the case of MDHHS Hospitals and Centers to the human resources officer. If you knowingly intend to employ a client of any benefit or assistance program administered by the Department in any capacity, or intend to rent or sell property to a client you must provide details to the supervisor of the

staff person who determines the client's or recipient's eligibility for any benefit or assistant program administered by the Department.

An employee who is a client of any benefit or assistance program administered by the Department must ensure full reporting of income or other pertinent circumstances to your assigned case worker. You may apply to provide foster care or adopt a child; however, you are expected to review, understand and follow the Department's policies to avoid any conflict of interest when applying to become a foster or adoptive parent or at the time of placement of any child into your care.

9. Smoking in an unauthorized area including within 25 feet of non MDHHS Hospitals and Centers. Possession or use of any tobacco based products in and on the grounds of MDHHS Hospitals and Centers. Tobacco products must be kept in an employee's personal locked automobile or vehicle parked on State hospital/facility property. This includes electronic cigarettes (E-cigarettes) and similar nicotine delivery devices.

10. Violation of the State internet or e-mail policy.

11. Actual or attempted misuse, abuse, misappropriation or theft of State property, equipment, funds and/or property of others and/or resources related to the work place.

    Explanation: This includes but is not limited to, use of State property for personal gain; carelessness; failure to properly maintain, or unauthorized alteration of State property including departmental records and computer software and files; electronic equipment and related systems or technology (including but not limited to: beepers, telephone, printers, copiers, facsimile machines, cell phones, tablets, wi-fi; wi-fi hotspots and computers) and failure to properly manage or use state funds and procurement cards. This includes accessing any Department database for a non-business purpose, including but not limited to, reading, reviewing or otherwise accessing a relative, friend or household members records on any Department database.

12. Failure or refusal to provide fingerprints or required information gathered for purposes of fulfilling criminal background checks as required for centers and hospitals by Public Acts 26, 27, 28 or 29 of 2006, or as otherwise required by the Department.

13. Criminal Acts

    a. Felony

    Employees shall not engage in any conduct, whether on one's own time or in connection with official duties, which results in a felony conviction, whether by guilty plea, no contest plea, delayed or deferred sentence or trial.

    It should be noted that behavior not resulting in a felony conviction may still constitute a work rule violation.

Employees who work in the Juvenile Justice Programs may not have a felony conviction on their record.

b. Misdemeanor

Any conduct by an employee, whether on one's own time or in connection with official duties, which results in a misdemeanor conviction (including diversion programs), whether by guilty plea, no contest plea, delayed or deferred sentence, or trial, is prohibited.

It should be noted that behavior not resulting in a misdemeanor conviction may still constitute a work rule violation.

If an employee's current position requires the possession of a valid driver's license, then a restricted or suspended driver's license or loss of driving privileges for any reason must be reported to the employee's immediate supervisor at or before the employee's next scheduled shift. If the report is verbal, it must be followed up in writing within twenty-four hours of the verbal report.

If a personal protection order may have an adverse impact on the employee's ability to perform his/her work assignment, or if it may require safety measures to be taken at the workplace, it must be reported to the employee's immediate supervisor or to the Office of Human Resources.

MDHHS Hospital and Center employees are subject to the provisions of Public Act 27 of 2006 as amended.

c. Reporting Requirement:

Failure to provide notice at, or before, the beginning of the next scheduled duty shift, of felony charges and/or misdemeanor convictions, or felony convictions. However, if the next scheduled shift begins after 5pm, on a weekend day, or on a State holiday, notice should be provided to on-site supervision at or before the beginning of that next shift, with next business day notice to Labor Relations or in the case of a MDHHS hospital or center to the Human Resources Officer. Providing notice to supervision does not satisfy this requirement. For convictions (including diversion programs), whether by guilty plea, no contest plea, delayed or deferred sentence, or trial, written notice must be provided from the Court or Prosecuting Agency immediately.

14. Any employee who is found to have participated in an intentional program violation by an Administrative Law Judge, or who has admitted to an intentional program violation to avoid welfare fraud prosecution may not be eligible to maintain employment with the Department of Health and Human Services.

15. Employees who have unsupervised access to children are prohibited by Section 7j of the Child Protection Law from appearing on the Central Registry as a perpetrator. An employee is required to notify Labor Relations in writing immediately but no later than at the beginning of the next scheduled duty shift after receiving notice of placement on the Central Registry as a perpetrator.

16. An employee is required to provide written notice to their County Director, or equivalent, if they are determined to be substantiated as a perpetrator in a Category III child abuse or neglect case, immediately, but no later than before the beginning of the next scheduled duty shift after receiving notice of the Category III finding.

    Note: PSM 711-1 defines the various Categories. Category III is defined as: Cases in which the department determines that there is a preponderance of evidence of CA/N and the risk assessment indicates a low or moderate risk. A referral to community-based services must be made by CPS.

17. Threatened, attempted or actual workplace violence:

    Examples include but are not limited to:

    - Actual or attempted physical violence or coercion, either implied or explicit, towards anyone over job related issues or while on duty, while in "on call" status or in State workplaces.
    - Any behavior which is physically assaultive.
    - Any behavior which is verbally assaultive, threatening or abusive whether directly said to the intended target or said about the intended target.
    - Any behavior that indicates the potential for violence e.g. throwing objects, shaking fists, intentional destruction of property.
    - Engaging in any threatening behavior directed toward another individual or causing or urging others to engage in such behavior.
    - Engaging in a course of conduct that would cause another individual to feel terrorized, frightened, intimidated, harassed or molested.
    - Failure to report an act of violence or threatening behavior committed in State workplaces, while on official State business or while engaged in work related activities or failure to cooperate in an investigation of violence or threatening behavior.

18. Discriminatory harassment of co-workers, subordinates, supervisors, clients, recipients, wards, providers, contractors, or any other person with whom an employee has business contact on the basis of religion, race, color, national origin, age, sex, sexual orientation, height, weight, marital status, partisan considerations, or a disability or genetic information.

19. Use of alcohol or controlled substance.

Employees are subject to random, reasonable suspicion, pre-employment, post-accident, and follow-up drug and alcohol testing in accordance with Civil Service Commission Rule 2-7 or applicable collective bargaining agreement. An employee who reports for duty with alcohol on his/her breath, or when suspected of being under the influence of alcohol or a controlled substance, will be required to submit to an evidential breath test or appropriate drug test. Employees shall comply with all requirements of the Civil Service Commission Rule, the applicable collective bargaining agreement, and this work rule. See Michigan Civil Service Commission Rule 2-7 on Drug and Alcohol Testing or union agreement article on Drug and Alcohol Testing and http://www.michigan.gov/documents/mdcs/Michigan_Civil_Service_Commission_Rules_347183_7.pdf

- Violation of Provision A below shall result in disciplinary action up to and including discharge.
- Violation of B, C, D, E, and F below shall result in discharge and the employee will not be eligible for rehire with the Department.

The following are prohibited activities for all employees:

A. Consuming alcohol while on duty, while in "on call" status, or reporting for duty or being on duty with a blood alcohol concentration of .02 or greater percent by weight in the blood but less than .08. Possession, procuring, consumption or selling of alcohol on State property or property used or leased by the State, including vehicles. This includes intoxication while at work. Consumption of intoxicants while on break time is also prohibited.

B. Reporting for duty, while in "on call" status, or being on duty with a blood alcohol level of .08 or higher.

C. Using a controlled substance on duty or while in "on call" status, unless used as prescribed by a physician except as addressed in Provision D below. Possession, procuring, consumption, or selling of drugs on State property or property used or leased by the State, including vehicles.

D. Reporting for duty, while in "on call" status, or being on duty with a prohibited level of controlled substance (the use of medical marihuana (marijuana) under state law will not be an acceptable medical explanation for a positive test). It is the responsibility of the employee to inform the supervisor if incidental use of prescription or over-the-counter drugs may impair their on-the-job effectiveness.

E. Refusing to submit to a required drug test or alcohol test. Refusal to submit to a drug and/or alcohol test means any of the following: 1) failing to provide an adequate sample without medical explanation, 2) engaging in conduct that obstructs the testing process, or 3) refusing to be tested.

F. Interfering with any testing procedure or tampering with any test sample.

NOTE: For employees in positions requiring maintenance of Commercial Driver License, please refer to the disciplinary table for violations of the work rule for Employees Subject to the Omnibus Transportation Employee Testing Act of 1991 and its implementing rules and regulations, dated 12/21/94. The Department has a zero tolerance policy toward a positive drug test result.

20. Unsafe operation of State owned/leased vehicles including non-use of seat belts, excessive speed or operating a motor vehicle on official Department business without the possession of a valid driver's license and any necessary endorsements (e.g. chauffeur, CDL).

21. Transporting a weapon or other hazardous items onto State property or on property used or leased by the State and/or possession of a weapon or other hazardous items on State property or on property used or leased by the State including in vehicles. Possession of a weapon or other hazardous items while in a field assignment is prohibited, as is possession of a weapon or other hazardous items in a State vehicle is prohibited.

22. Creating, contributing or failure to report unsafe working conditions.

23. Failure to report work related accidents in which injury or property damage occurred.

    Explanation: Employees should timely complete an incident report.

24. Excessive use of force.

    Explanation: Employees who work in the Juvenile Justice Programs shall not use more force than is reasonably necessary to perform the assigned duties.

25. Improper use of physical restraints.

    Explanation: Employees who work in the Juvenile Justice Programs shall use restraints appropriate to the situation and only when necessary to perform the assigned duties.

26. Failure to ensure appropriate boundaries with youth.

    Explanation: Employees are to ensure they do not share personal information or gifts, or develop a less than professional relationship with youth.

27. Inappropriate or unwelcome physical contact.

28. Employees are required to timely report their absences and provide documentation for such upon request.

29. Repeated tardiness or unacceptable absenteeism.

    Explanation: Employees are expected to report to work at their assigned starting time and ready to work. Absences with a pattern; absence following a denial of a leave request; or where the employee has no available leave balances, are examples of unacceptable absenteeism.

30. Refusal to work mandatory overtime

    Please refer to the collective bargaining agreements with regard to "refusal rights" for mandatory overtime.

31. Leaving work assignment without permission.

32. Hindering or interfering with an authorized investigation by the Department of Health and Human Services or other investigative Department.

33. Retaliation against or coercion of employees or others for cooperating in investigations by the Department of Health and Human Services or other investigating Department or Agency.

34. Use of any type of recording device to record, transmit, or transcribe audio conversations or video images without the consent of all parties.
    - The only exception to this rule is recordings which are authorized, routinely recorded, and/or monitored as part of the daily operations of the Department.
    - Employees are prohibited from making unauthorized copies of communications which are routinely recorded and/or monitored as part of the daily operations of the Department (logbooks, security tapes, etc.)

35. Insubordination.

    Explanation: Insubordination occurs when an employee refuses to comply with a direct order, such as refusal to accept a job assignment, job duty or task, or to refrain from certain conduct or behavior is insubordination. The direct order is given by someone who has organizational authority to issue orders such as the immediate supervisor and is: a) reasonable and consistent with the employee's position and responsibilities, b) clear and concise; and c) it cannot be unsafe, illegal or immoral.

    Note: A direct order must be clearly stated, e.g. "I am giving you a direct order to complete the report." It must also clearly state that refusal will result in disciplinary action.

36. Failure to work cooperatively and treat others with courtesy and respect.

37. Employees shall not behave in an inappropriate manner or a manner that may harm or adversely affect the reputation of the Department or the State of Michigan.

38. Conduct unbecoming a state employee.

Section II - Recipient Rights/Mental Health Code Violations

This is regarding the care, treatment and well-being of recipients in our hospitals and centers and is of utmost importance to the Department. Although specific penalties are indicated, this does not constitute an exhaustive list.
Definitions: See Attachment A.

1. Acting as liaison for or otherwise facilitating unauthorized outside contacts on behalf of recipients

   1st violation: Reassignment and/or 1-day suspension to 5-day suspension
   2nd violation: Reassignment and/or demotion and/or 5-day suspension to dismissal
   3rd violation: Dismissal

2. Assisting a recipient to leave in an unauthorized manner or assisting in an unauthorized leave

   1st violation: Dismissal

3. Coercing or otherwise obtaining inappropriate compliance of a recipient

   1st violation: Reassignment and/or demotion and/or written reprimand to 5-day suspension
   2nd violation: Reassignment and/or demotion and/or 5-day suspension to dismissal
   3rd violation: Dismissal

4. Falsification of any type of recipient report/record

   1st violation: 5-day suspension to dismissal
   2nd violation: Dismissal

5. Illegal or prohibited discrimination to or against recipients

   1st violation: Reassignment and/or demotion and/or 1-day suspension to dismissal
   2nd violation: Reassignment and/or demotion and/or 5-day suspension to dismissal
   3rd violation: Dismissal

6. Providing unauthorized items, supplies, materials, personal possessions, and/or tobacco products/electronic cigarettes (E-cigarettes)/similar nicotine delivery devices to recipients

   1st violation: 1-day suspension to dismissal
   2nd violation: 5-day suspension to dismissal
   3rd violation: Dismissal

7. Recipient abuse I; and/or failure to report abuse I

   1st violation: Dismissal

8. Recipient abuse II; and/or failure to report abuse II

   1st violation: Demotion and/or 5-day suspension to dismissal
   2nd violation: Demotion and/or 5-day suspension to dismissal
   3rd violation: Dismissal

9. Recipient abuse III; and/or failure to report abuse III

   1st violation: Reassignment and/or demotion and/or written reprimand to 5-day suspension
   2nd violation: Reassignment and/or demotion and/or 5-day suspension to dismissal
   3rd violation: Dismissal

10. Recipient neglect I; and/or failure to report neglect I

    1st violation: Dismissal

11. Recipient neglect II; and/or failure to report neglect II

    1st violation: Demotion and/or 5-day suspension to dismissal
    2nd violation: Demotion and/or 5-day suspension to dismissal
    3rd violation: Dismissal

12. Recipient neglect III; and/or failure to report neglect III

    1st violation: Reassignment and/or demotion and/or written reprimand to 5-day suspension
    2nd violation: Reassignment and/or demotion and/or 5-day suspension to dismissal
    3rd violation: Dismissal

13. Solicitation of recipients for sexual purposes

    1st violation: Dismissal

14. Unauthorized financial dealings with recipients

    1st violation: 5-day suspension to dismissal
    2nd violation: Dismissal

15. Violation of recipient rights as set forth by law or policy

    1st violation: Reassignment and/or written reprimand to 5-day suspension
    2nd violation: Reassignment and/or 5-day suspension to dismissal
    3rd violation: Dismissal

16. Personal relationships with former hospital/center recipients. It is prohibited for an employee to date or have a romantic or sexual relationship with any <u>former</u> recipient of Department of Community Health hospital/center services with whom a relationship began while the individual was receiving services from the Department of Community Health hospital/center. This prohibition is effective for two years following the discharge of the hospital/center recipient. It is important to recognize an employee may also place

themselves in legal jeopardy if the employee becomes personally involved with a former recipient of services.

1st violation: 5-day suspension to dismissal
2nd violation: Dismissal

17. Retaliation against or coercion of employees or others for cooperating in Recipient Rights investigations

1st violation: Reassignment and/or 5-day suspension to dismissal
2nd violation: Dismissal

ATTACHMENT A
DEFINITIONS

"Abuse class I" means a non-accidental act or provocation of another to act by an employee, volunteer, or agent of a provider that caused or contributed to the death, or sexual abuse of, or serious physical harm to a recipient.

"Abuse class II" means any of the following:

(i) A nonaccidental act, or provocation of another to act, by an employee, volunteer, or agent of a provider that caused or contributed to nonserious physical harm to a recipient.

(ii) The use of unreasonable force on a recipient by an employee, volunteer, or agent of a provider with or without apparent harm.

(iii) Any action or provocation of another to act by an employee, volunteer, or agent of a provider that causes or contributes to emotional harm to a recipient.

(iv) An action taken on behalf of a recipient by a provider who assumes the recipient is incompetent, despite the fact that a guardian has not been appointed, that results in substantial economic, material, or emotional harm to the recipient.

(v) Exploitation of a recipient by an employee, volunteer or agent of a provider.

"Abuse class III" means the use of language or other means of communication by an employee, volunteer, or agent of a provider to degrade, threaten, or sexually harass a recipient.

"Neglect class I" means either of the following:

(i) Acts of commission or omission by an employee, volunteer, or agent of a provider that result from noncompliance with a standard of care or treatment required by law and/or rules, policies, guidelines, written directives, procedures, or individual plan of service and causes or contributes to the death, or sexual abuse of, or serious physical harm to a recipient.

(ii) The failure to report apparent or suspected abuse class I or neglect class I of a recipient.

"Neglect class II" means either of the following:

(i) Acts of commission or omission by an employee, volunteer, or agent of a provider that result from noncompliance with a standard of care or treatment required by law, rules, policies, guidelines, written directives, procedures, or individual plan of service and that cause or contribute to nonserious physical harm or emotional harm to a recipient.

(ii) The failure to report apparent or suspected abuse class II or neglect class II of a recipient.

"Neglect class III" means either of the following:

(i) Acts of commission or omission by an employee, volunteer, or agent of a provider that results from noncompliance with a standard of care or treatment required by law, rules, policies, guidelines, written directives, procedures, or individual plan of service that either placed or could have placed a recipient at risk of physical harm or sexual abuse.

(ii) The failure to report apparent or suspected abuse class III or neglect class III of a recipient.

"Emotional harm" means impaired psychological functioning, growth, or development of a significant nature as evidenced by observable physical symptomatology or as determined by a mental health professional.

"Nonserious physical harm" means physical damage or what could reasonably be construed as pain suffered by a recipient that a physician or registered nurse determined could not have caused, or contributed to, the death of a recipient, the permanent disfigurement of a recipient, or an impairment of his or her bodily functions.

"Serious physical harm" means physical damage suffered by a recipient that a physician or registered nurse determines caused or could have caused the death of a recipient, caused the impairment of his or her bodily functions, or caused the permanent disfigurement of a recipient.

All,

Now that option #2 is a go, here are the questions we need to have answered:

1. Will you be offering the under the counter filters that were offered from Grainger or just the Brita filters from Home Depot?

Latest: We will not be offering under the counter filters

   a. No pricing yet from Grainger on the under the counter filters until they know quantity. However, Brent did say that manufacture's inventory is low.
   b. Home Depot pricing was $17.47 each on the Brita faucet filter and $24.87 for a 2-pack replacement cartridge.
   c. Specs for Brita faucet filter is attached.
   d. Specs for the Pentair under the counter filters are attached.
2. What is the quantity of filters needed? If offering both faucet and under the counter, will need quantities of each

Since this is potentially a bigger non DHHS population, we don't have immediate access to census info. Wouldn't City of Flint have this?

Amy- Is there a DEQ contact over there to get Steve an estimate?

Steve- Can we start with a number like 20,000 and go from there? We need to start with a number until we get a better estimate and go from there.

3. Will you be offering cartridge replacements? If yes, how many?

I don't think anyone knows. We want to just start w the filters and worry about replacements a little later.

3. Who is going to be the main contact person that Home Depot and/or Grainger will be working with that will cut the PO and place the order?
   a. The main contact person for Home Depot is David Khanuja – cell number 248-826-8907
   b. The main contact person for Grainger is Brent Zinn – cell number 313-701-5454

Chris Sanches

4. What is the physical location that items will be delivered to?

It's the CAA in Genesee county. Elizabeth - Per your convos with the CAA does it go straight to their office? Also is there a contact person that can be reached?

If it goes to their office, their address is 601 North Saginaw Street, Suite 1B, Flint, 48502

Finally just to reinforce, we are still waiting on an answer / confirmation of the voucher option.

Thanks

It is my opinion that the best thing to do right now is identify the main contact person so that he/she can contact David from Home Depot and/or Brent from Grainger to get moving on orders.

Side Note: David from Home Depot is telling me that the United Way purchased 4,000 filters from Home Depot to be donated. I don't know any more detail than that.

Let me know what else you need from DTMB. Thanks.

Latest proof attached. Tom is hoping to get approval on the format attached – format only. He understands there may be a change to the store locations but if he can get the format to one of his staff before they leave at 2 p.m., it would make the difference in getting these done today or Monday.

Who can approve this?

Update

DTMB and DHHS Purchasing

1. It is now a **GO** on item #2 below - To get filters to the Genesee County Community Action Organization for distribution.

2. Question: What questions do we all need to answer to get filters to the Genesee County Community Action Agency and develop our plan AND what is the timeline for when we believe this can happen?

Yes! Sounds like Chris made this suggestion already to Tom and we're going to do that. Adding Tom to the conversation.

Tom / Chris or whomever is updating the voucher – Please send all what the latest looks like.

No vouchers will be printed yet until we get confirmation from the DHHS front office.

Farah

Should the water filter specs be included in the voucher (NSF Certified, ANSI 53 compliant), to aid stores in providing compliant products?

Rebecca

I am adding everyone from DHHS, DTMB, and DEQ who I understand is helping out with the Flint Water issue to this email so we can all be on the same page. Please forward this email to anyone you believe needs to be in the loop so we can get all-hands-on-deck.

Here is the latest:

1. We will move forward with the vouchers to be distributed at local county offices for DHHS clients only. DHHS Purchasing is going to reach out to DTMB to help us make copies of water marked, colored and other authentic detailed documents to get out to local offices as soon as possible. We will figure out costs and DTMB charges to DHHS later.
    a. Latest change : From a budget/accounting perspective, we will not receive $1 million from DEQ for this purpose. The $1 million from DEQ will be for item #2. Instead, for this purpose, funding will come from a work project that our budget office will advance to SBO. Our budget office is working on that now.

2. There is now a new thing we will do to address the broader population - NON-DHHS or DHHS clients - per the DHHS and DEQ front offices. DHHS will work with DTMB to get water filters to the Community Action Agency in Genesee county to distribute. This will be paid for with the $1 million DHHS will receive from DEQ.

This is the plan for now. Elizabeth – Please confirm have this right.

Everyone is encouraged to ask questions. Sorry for including so many people but the left hand needs to know what the right hand is doing here.

Thanks

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

February 2, 2016

TO: State of Michigan Procurement Leadership

FROM: DTMB Procurement

SUBJECT: Genesee County Water Emergency Response - Purchasing Guidance

Thank you to all who are working to support the State of Michigan's Genesee County, City of Flint water emergency response.

Given the complexity and variety of the needs of this emergency effort, the purchasing support required is complex as well. Purchasing protocols have some differences under this declared state of emergency, and meticulous tracking of expenditures is imperative.

The Michigan State Police (MSP) is the lead agency overseeing the situation and managing the State Emergency Operations Center (SEOC). Flint related purchases must **first** be routed through the appropriate SEOC contact (see attached for an agency roster) to include the SEOC State Director. This is required for all Flint- related purchases without exception. The SEOC financial team is responsible for tracking all expenditures in connection with the emergency efforts.

Each agency is responsible for its own purchasing transactions. This includes p-card transactions and purchase orders, the tracking of all such transactions, and reporting of those transactions to the appropriate SEOC representative. Failure to properly inform the SEOC financial team of any transaction may result in a forfeiture of any potential reimbursement anticipated by the agency.

Agency purchasing managers are responsible to supply their agency's SEOC representative with a 24/7 phone number for agency purchasing staff support and request that the SEOC representative involves them in every purchase. (Note: SEOC hours are 8 am to 8 pm, seven days a week at this time.)

Emergency Purchasing Procedure:
Public Act 431 of 1984 provides an exception to competitive bidding during a state of emergency. However, responsible purchasing procedures are still the expectation for all procurement professionals (agency purchasing staff).

In addition to the notification and reporting expectations set forth above, transactions should be conducted and/or overseen by procurement professionals, with rare exception, in accordance with the following:

- Each agency makes their own determination when an emergency purchase order is required, and is then responsible for the supporting documentation
- Utilize existing State contracts where possible. Contact DTMB Procurement for help negotiating bulk rates or expedited shipments if needed, and for any concerns related to availability of funds on a contract

- Obtain three quotes whenever reasonably practicable
- Post bids online to the extent practicable
- Please escalate any questions to DTMB Procurement before executing a buy
- DTMB Procurement will assist any agency upon request to address supply chain issues (e.g. working with a national supplier to ensure a high volume supply of water filters are available)
- DTMB-Financial Services is not responsible for issuing emergency purchase orders on behalf of agencies with the exception of information technology related goods and services
- Maintain documentation supporting all transactions. Establish internal protocols to support this such as a single spreadsheet to track agency-wide transactions. Report your agency's expenses to the SEOC Finance team via your SEOC representative.
